Re: **Town of Bloomfield Tax Suspense List**

Date: May 4, 2026

In accordance with Connecticut General Statutes, Section 12-165, I am submitting the enclosed list of outstanding real estate, personal property, and motor vehicle taxes for your review. Based on my professional estimation, these balances are currently uncollectible.

The following totals from the 2019 through 2024 Grand Lists are proposed for transfer to suspense:

2019 Grand List: $6,425.39
2020 Grand List: $7,453.04
2021 Grand List: $153,193.47
2022 Grand List: $5,975.56
2023 Grand List: $24,464.08
2024 Grand List: $35,589.01

Transferring these accounts to suspense does not halt our collection efforts. We remain committed to pursuing all available recovery methods. However, this reclassification ensures a more accurate representation of our active accounts receivable. As I have determined these taxes to be uncollectible at this time, I am submitting them for transfer in accordance with Connecticut General Statutes, Section 12-165.

Background Memorandum

To: Alvin D. Schwapp, Jr., Town Manager
Cc: Sharron L. Tai-Williams, Deputy Town Manager
From: David Melesko, Director of Parks, Recreation and Leisure Services
Date: March 31, 2026
Subject: Naming of the Bloomfield Greenway the "Joe Merritt Greenway"

Purpose

This background memorandum is submitted in accordance with Town of Bloomfield Policy 110.01 (Naming/Renaming Policy for Town Facilities, adopted February 10, 2014 and amended February 14, 2022). It provides supporting information for the naming of the Bloomfield Greenway (the multi-use trail section of the East Coast Greenway located within the Town of Bloomfield, including the in-design segment from Tyler Street to Blue Hills Avenue) as the "Joe Merritt Greenway."

Pursuant to Section II of Policy 110.01, the request is respectfully recommended to be referred to the Governance, Policy & Economic Development Subcommittee for evaluation and recommendation prior to consideration by the Town Council. A public hearing will be required prior to final Town Council action.

Background

The Bloomfield Greenway is a developing multi-use trail that forms part of the East Coast Greenway, a 3,000-mile regional network connecting communities from Florida to Maine. Bloomfield has already completed initial segments (with state grant support completed in 2019) and continues active planning and construction for additional sections, including the Tyler Street to Blue Hills Avenue segment. The Greenway provides safe, accessible recreational and transportation opportunities for walking, biking, and community connectivity; promotes environmental stewardship; supports public health; and enhances the Town's quality of life. It is town-owned public land and a recreational facility under the authority of the Town Council.

The naming of the Bloomfield Greenway the "Joe Merritt Greenway" was brought forth and recommended by residents Sharon Mann, 1 Adams Road, Bloomfield, CT, Ruthanne Marchette, 669 Bloomfield Avenue, and Elizabeth A. Merrow, Seabury Retirement Community in written format dated March 12, 2026 and was supported by the Bloomfield Conservation, Energy & Environment Committee (CEEC) at the March 12, 2026 meeting

with the following motion:

> *It was moved by Mr. Dickinson, seconded by Ms. Gwardyak, and voted unanimously for CEEC to support efforts to rename the Bloomfield segment of the East Coast Greenway in honor of Joseph Merritt.*

Contributions of Councilor Joseph Merritt
In addition to his decades long service of being a Town Councilor for the Town of Bloomfield, Councilor Joseph Merritt has demonstrated extraordinary, long-term leadership in the planning, advocacy, and development of trails and greenways in Bloomfield. His contributions include:

- As early as 2005, personally surveying and documenting the potential route of the East Coast Greenway through Bloomfield, laying critical groundwork for what has become a key local and regional asset.
- Serving as Chair of the Town Council's Trails Committee, where he has provided consistent, visionary leadership in advancing trail development and greenway planning.
- Championing the trail connection through Bloomfield for many years, including efforts to secure funding, coordinate with regional partners (such as the Capitol Region Council of Governments), and drive public support for the project.
- Receiving the Connecticut Greenways Council Special Achievement Award in 2015 in recognition of his statewide contributions to greenway initiatives.

Councilor Merritt's work reflects core community values of connectivity, stewardship of the land, and commitment to future generations. His efforts have directly advanced the success of the Bloomfield Greenway and enhanced the Town's recreational infrastructure and heritage.

Alignment with Policy 110.01 Naming/Renaming Town Facilities and Honorary Street Name Designation

- **Positive Impact (Section III.A):** Councilor Merritt has made a significant, positive impact on the history, tradition, and success of the Town of Bloomfield through his decades of dedicated public service focused on trails and greenways.
- **Parks, Town-Owned Buildings, and Recreational Facilities (Section IV.A):** The proposed name honors a local figure whose work is tied to the geographic and recreational features of the community. It is appropriate, reflects Bloomfield's commitment to active transportation and open space, and is compatible with community interests.
- **Avoidance of Controversial Names (Section II):** The name presents no negative image and is fully consistent with the Town's mission and values.

- **New Facility Naming:** The Greenway is a developing recreational facility; naming it at this stage is consistent with the policy's intent to begin naming early in development (Section IV.A.1).

Recommendation
It is recommended that the Governance, Policy & Economic Development Subcommittee review this background memorandum accompanied by recommendation letter by Sharon Mann, Ruthanne Marchette, and Elizabeth A. Marrow and supported by the CEEC, to evaluate the request in accordance with Policy 110.01, and forward a positive recommendation to the Town Council. Upon approval, the Town Council should schedule the required public hearing to receive community input prior to final action.

This naming would serve as a lasting and fitting tribute to Councilor Merritt's vision, persistence, and extraordinary service to the Town of Bloomfield.

ENCLOSURE

Dear Town Manager Schwapp, March 12, 2026

I along with Ruthanne Marchetti and Libbie Merrow are writing in accordance with Bloomfield's Naming Policy (#110.01) to formally recommend that the Town of Bloomfield designate its bike trail—part of the national East Coast Greenway—as the **"Joe Merritt Greenway,"** in honor of Councilor Joseph P. Merritt and his extraordinary contributions to our community.

As noted in Section IV.A.6 of the naming policy, commemorative names honoring individuals should be based on whether that individual has:

a. made lasting and significant contributions to the protection of natural or cultural resources of the Town of Bloomfield;
c. made substantial contributions to the advancement of commensurate types of recreational opportunities within the Town of Bloomfield; and
f. had a positive impact on the lives of Bloomfield's residents.

Councilor Merritt clearly meets and exceeds these criteria.

For more than twenty years, Councilor Merritt has been the leading advocate for establishing Bloomfield's section of the East Coast Greenway. Beginning with the earliest feasibility work and route planning, he has tirelessly worked to ensure that Bloomfield became part of this nationally significant trail system. He collaborated with local and regional partners—including the Conservation, Energy and Environment Committee (CEEC), the Town of Bloomfield, the Capitol Region Council of Governments, and the Connecticut Department of Transportation—to move the project forward.

His dedication has already produced tangible results. Today, Bloomfield has trail on the ground connecting our community to Tariffville, with plans underway to complete connections to Hartford and Windsor. Most recently, Councilor Merritt has continued this work as Chair of the Town Council's Trails Committee, ensuring that planning, funding, and construction continue to advance.

Bloomfield's greenway already provides numerous benefits to residents. It offers safe recreational opportunities for cyclists, walkers, and families. As the trail network grows, it will allow residents to travel between neighborhoods, schools, and community destinations without relying on automobiles, creating healthier transportation options for our children and residents. In addition, as part of the state and national trail system, the greenway will attract visitors and tourism, helping support Bloomfield's local economy—particularly as our town center continues to redevelop.

Councilor Merritt's leadership in this effort is consistent with a lifetime of service to the Town of Bloomfield. He has served on the Town Council for more than 37 years—the longest tenure in the town's history. During that time, he has contributed to numerous important initiatives, including leadership roles on the Police Building Committee, the Library Renovation Building Committee, and the West Hartford–Bloomfield Health District, where he served as Chairman from 2004 to 2008.

Beyond local government, his background reflects a lifetime of leadership and service. He is a graduate of Dartmouth College with a degree in Government and earned a master's degree from the Sloan School of Management at MIT. He served as a Lieutenant in the United States Navy in Special Operations. Professionally, he founded and managed Merritt Machine Company in Bloomfield and later served residents for many years as an Enrolled Agent tax preparer.

His dedication to trails and greenways has also been recognized statewide. In 2015, he received the **Connecticut Greenways Council Special Achievement Award** for his work advancing the East Coast Greenway and related trail initiatives.

Councilor Merritt has truly been the driving force behind establishing, funding, and building Bloomfield's greenway. It already has a positive impact on residents' lives and will have an even greater impact as the trail network is completed in the coming years. Naming this important community asset, the **Joe Merritt Greenway** would be a fitting and lasting recognition of his vision, persistence, and decades of service to the Town of Bloomfield.

Thank you for your thoughtful consideration of this request.

Sincerely,

Sharon

Town Planner & Environmental Planner Report/s

Mr. Colman, Director of Building & Land Use, provided the following updates:

- The Town did not receive the Community Investment Fund grant applied for to support the Town Center. Other avenues of funding are being pursued.

- The proposed development at the corner of Cottage Grove Road and Bloomfield Avenue converting the office park to a residential development is undergoing a pro forma review of the tax agreement request.

- The developer for the proposed Aldi development on Cottage Grove Road is making a neighborhood public presentation this evening. A re-application to TPZ for the development has not yet occurred.

- First Cathedral has downsized their proposed first phase of development, which will now include three phases. The first phase will be two buildings at four stories each.

- The POCD is still in progress. There was some discussion around the POCD, and Ms. Jones noted that she will add POCD review to next month's agenda.

Mr. Gabuzda, Environmental Planner, provided the following updates:

- Oil contamination occurred at 152 School Street in February. DEEP performed soil clean-up, but the West Hartford-Bloomfield Health District deemed the house as unsuitable for occupancy.

- The Town was notified by DEEP of the release of trichloroethylene (TCE) at 85 Granby Street. Building ventilation was increased, and DEEP is monitoring. The committee expressed concern, and inquired if abutters were notified.

- There was a fire at the solar array behind the Board of Education building in February, likely caused by rodents living in the system, with the fire mostly localized in one cell. Ms. Jones noted that rodent control is included in the solar regulations draft, and included her concern with using rodenticide. A variety of ways to keep rodents at bay was discussed.

- The Hazard Mitigation and Climate Adaptation Plan (HMCAP) compliance report has been completed. Copies can be provided to anyone interested.

2026 Priorities Discussion – Approval of Final Draft

It was moved by Mr. Hager, seconded by Ms. Gwardyak, and voted unanimously to approve the final draft of the CEEC 2026 Priorities as presented.

Solar Regulations – Update

Mr. Gabuzda distributed tentative changes to the solar regulations draft based on feedback from TPZ and CEEC. He noted the most frequent suggested changes included having large scale systems to be restricted to industrial zones and wanting more specifics regarding maintenance and decommissioning. The updated regulations will get additional review from TPZ before there is a vote.

Mr. Gabuzda highlighted that an ordinance to encourage solar on large developments is on his to-do list.

Ms. Jones reported that she intends to submit comment to IWWC regarding the CTECH permit request for a solar installation, and in the comment will highlight CEEC's concerns discussed during CTECH's presentation to CEEC in 2025.

He is working on two required pieces before submission—the equity toolkit and before and after pictures of the complete streets project. The Sustainable CT application will be publicly available once complete. Mr. Gabuzda reported that, if possible, the recertification application will be submitted in April, as applications deadlines are in April and August. The committee commended Mr. Gabuzda for his efforts.

Mr. Gabuzda reported that he is working on an inventory of cooling centers in Town that will be posted on the Town website.

CEEC remaining fund 2026 Fiscal Year balance

Ms. Jones briefly reviewed the remaining CEEC budget.

It was moved by Mr. Hager, seconded by Ms. Gwardyak, and voted unanimously to approve use of the remaining CEEC funds, up to $324, for printed materials and supplies needed for the upcoming Simsbury Sustainability Fair.

Ms. Gwardyak reported that she did not submit expenses for SunDay events, and likely will not. Ms. Jones asked her to keep the receipts in case there is extra money left in the budget.

Agricultural Zone - Discussion

Ms. Jones asked if the committee would be interested in pursuing the creation of an agricultural zone. She noted that an agricultural zone had been discussed at previous meetings, most recently during solar regulation conversations, with the idea that solar could be a permitted use in an agricultural zone. All members were in favor of further discussion on the pursuit of an agricultural zone. Ms. Jones reported that without an agricultural zone, farming is a right of use, but is not protected.

Mr. Gabuzda requested further clarification from the committee on their vision for the zone.

NO: 110.01
DATE: February 10, 2014
AMENDED: February 14, 2022
BY: Town Council & Board of Education
APPROVED: Town Council

DISTRIBUTION: Town Council, Town Departments

I. PURPOSE

The purpose of this policy is to establish procedures for naming/renaming town-owned facilities. The naming/renaming of Town-owned property is done to honor a person or entity who has had a significant impact on the history, tradition and/or success of the Town of Bloomfield, in addition to enhancing the values and heritage of the Town while being compatible with community interest.

Under extraordinary circumstances which would cast a negative image upon the Town, any naming of Town-owned facilities in honor of an individual, family or group may be revoked at the discretion of the Town Council.

The names of individuals or corporations or groups involved in controversial enterprises or activities, such as those that would be detrimental to the mission or image of the Town of Bloomfield must be avoided.

The naming of any school-related facility shall go to the Board of Education for their review and potential recommendation before being presented to the Town Council.

Appendix A

Bloomfield Street Naming Standards:

1. Every distinct street with two or more dwellings should be given a separate, unique, easily discernable, and simple to pronounce name. This includes all private streets and driveways.

2. Each street should have one -- and only one -- correct name. A named street should be essentially continuous, without gaps.

3. Street names for continuous or aligned travel ways should only change when there is a substantial intersection or other such logical separation location.

4. Street names, excluding suffixes, shall not be more than eighteen characters, including spaces, in length.

5. Cumbersome, corrupted or modified names, discriminatory or derogatory names, from the point of view of race, sex, color, creed, ethnicity, religious affiliation, political affiliation or other social factors are not acceptable.

6. There should be no duplicate street names, such as Pine Road and Pine Lane; except where logic suggests acceptability, such as a more 'minor' street directly connects to, and is related to, a more major street (e.g. 'Jerome Avenue' and 'Jerome Way').

7. There should be no similar sounding names, such as Beach Avenue and Beech Avenue, Main Street and Maine Street, or Apple Hill Road and Apple Road.

8. Every street name should have a corresponding standard suffix as allowable under the attached 'Bloomfield Street Name Suffix Standards'.

9. Street name qualifying suffixes should only be used where logic suggests acceptability. For instance (using current Bloomfield street names,) 'Griffin Road North' and 'Griffin Road South' are acceptable because they are aligned on either side of an intersecting street; 'Ryefield Hollow Drive North' and 'Ryefield Hollow Drive South' are not acceptable because there is no logical relationship.

10. Street names should be assigned based on traffic patterns. When a street forks into two streets, the fork with the higher traffic volume should continue the same name.

11. Streets should not be identified by a route number.

12. Street names may recognize natural wildlife, flora, fauna, or natural geologic features related to the community and the Town of Bloomfield.

13. Pseudo street names should not be used in addresses; (e.g. '1 Acme Plaza' should not be used in a building address unless the building has access to a street named 'Acme Plaza'.)

14. Special characters, such as hyphens, apostrophes, periods, or decimals, are not allowed in street names.

15. Streets within multi-structure complexes (e.g., business campus, multiunit apartment complex) should be named and each structure individually addressed.

16. Street names for new subdivisions shall be proposed by the developer, reviewed by the Planning Commission, and approved by the Town Council. The street names are adopted by the Town when the final subdivision map for the development is recorded.

Any such notice received under this section shall be posted inside the office of the Town Clerk and be posted on the meeting board located outside of the Town Clerk's office, as well as on the Town's Web Site. The requirement that such notice be given not less than twenty-four hours prior to the meeting may be waived, in case of an emergency, by the Mayor or not less than three members of the Council, who shall state in such notice the specific nature of such emergency which would preclude the giving of such twenty-four hours' notice. The notice shall specify the date, time, and place of the special meeting and business to be transacted.

No other business shall be considered at such meeting. In addition, at least twenty-four hours prior to the time of such meeting, written notice shall be delivered to the usual place of abode of each member of the Council and the Town Manager so that such is received prior to such special meeting unless the twenty-four hour notice is waived as set forth above. RE: FY 2026-55: SCHOOL STREET COMPLETE STREETS PROJECT (STATE PROJECT L011-0004 – CAPITAL BUDGET TRANSFER FOR EASEMENT MAPPING AND SIDEWALK EXTENSION DESIGN

Please review the attached memorandum dated April 30, 2026, from Town Engineer Robert Trottier, regarding the School Street Complete Streets Project (State Project L011-0004) – Capital Budget Transfer for Easement Mapping and Sidewalk Extension Design.

The memorandum requests a capital budget transfer to support additional design services for the School Street Complete Streets State Project L011-0004 (the "Project"). The Project was selected by the Capitol Region Council of Governments (CRCOG) to receive $1.7 million in Connecticut Department of Transportation (CTDOT) Local Transportation Capital Improvement Program (LOTCIP) funding for the construction phase

Under LOTCIP guidelines, the Town is responsible for completing the design phase, including preparation of any property maps needed to acquire easements.

During design, the Town's on-call consultant, VHB, determined that easements are required from 33 properties to replace the existing sidewalk, portions of which are located on private property beyond the Town's easement/right of way. CTDOT has agreed to assume responsibility for administration and costs associated with the right-of-way phase of the Project (estimated at $390,000); however, VHB has submitted a scope amendment in the amount of $57,000 to prepare the 33 property maps required for easement acquisition. In addition, CTDOT is planning a roundabout at the School Street/Wintonbury Avenue intersection that would replace the Project's planned realignment at that location. CRCOG has conceptually agreed that construction funds saved as a result of the CTDOT roundabout project may be used to extend the sidewalk approximately 2,250 feet along School Street and Wintonbury Avenue to the Seabury development. VHB has provided a second scope amendment in the amount of $53,800 to complete design of the proposed sidewalk extension.

Approval of this capital budget transfer will fund two design-related tasks necessary to advance the Project: (1) preparation of 33 property maps to support easement acquisition ($57,000); and (2) design of the proposed sidewalk extension to connect toward the Seabury development ($53,800).

Financial Impact:

This resolution authorizes the transfer of $110,800 from the Municipal Capital Grant – Woodland Avenue account (Account No. 39120000-52231) to the Project's Account No. 39191000-52231 to fund (i) preparation of 33 property maps for easement acquisition ($57,000); and (ii) design of the proposed sidewalk extension ($53,800) for the School Street Complete Streets State Project L011-0004. This requested action reallocates/transfers existing capital project appropriation from the Woodland Avenue account to the Project and does not require new funding/appropriation.

Should Council wish to move forward, the following motion will be in order:

Move to adopt the attached resolution

Background Memorandum

To: Alvin D. Schwapp, Jr., Town Manager
From: Robert Trottier, P.E., Town Engineer
Date: 4/30/2026
Subject: School Street Complete Streets Project (State Project L011-0004) – Capital Budget Transfer for Easement Mapping and Sidewalk Extension Design

Background

The purpose of this agenda item is to request a capital budget transfer to support additional design services for the School Street Complete Streets State Project L011-0004 (the "Project"). The Project was selected by the Capitol Region Council of Governments (CRCOG) to receive $1.7 million in Connecticut Department of Transportation (CTDOT) Local Transportation Capital Improvement Program (LOTCIP) funding for the construction phase. Under LOTCIP guidelines, the Town is responsible for completing the design phase, including preparation of any property maps needed to acquire easements. During design, the Town's on-call consultant, VHB, determined that easements are required from 33 properties to replace the existing sidewalk, portions of which are located on private property beyond the Town's easement/right of way. CTDOT has agreed to assume responsibility for administration and costs associated with the right-of-way phase of the Project (estimated at $390,000); however, VHB has submitted a scope amendment in the amount of $57,000 to prepare the 33 property maps required for easement acquisition. In addition, CTDOT is planning a roundabout at the School Street/Wintonbury Avenue intersection that would replace the Project's planned realignment at that location. CRCOG has conceptually agreed that construction funds saved as a result of the CTDOT roundabout project may be used to extend the sidewalk approximately 2,250 feet along School Street and Wintonbury Avenue to the Seabury development. VHB has provided a second scope amendment in the amount of $53,800 to complete design of the proposed sidewalk extension.

Analysis

Approval of this capital budget transfer will fund two design-related tasks necessary to advance the Project: (1) preparation of 33 property maps to support easement acquisition ($57,000); and (2) design of the proposed sidewalk extension to connect toward the Seabury development ($53,800). These tasks will position the Town and CTDOT to proceed efficiently with the right-of-way phase and to incorporate the potential scope change associated with CTDOT's planned roundabout at School Street/Wintonbury Avenue.

Financial Impact

This resolution authorizes the transfer of $110,800 from the Municipal Capital Grant –

Woodland Avenue account (Account No. 39120000-52231) to the Project's Account No. 39191000-52231 to fund (i) preparation of 33 property maps for easement acquisition ($57,000); and (ii) design of the proposed sidewalk extension ($53,800) for the School Street Complete Streets State Project L011-0004. This requested action reallocates/transfers existing capital project appropriation from the Woodland Avenue account to the Project and does not require new funding/appropriation.

Legal Considerations

If approved, the Town will proceed with the consultant scope amendments for the Project to complete the property mapping and design work described above. Any required easements will be pursued in accordance with applicable Town and State requirements, and associated documents will be reviewed by the Town Attorney, as needed. Coordination with CTDOT will continue regarding right-of-way administration and the planned intersection roundabout.

Alternatives

Alternatives include: (1) not approving the transfer and delaying preparation of easement property maps and/or the sidewalk extension design; (2) identifying another eligible funding source within the Capital budget; or (3) reducing the scope of the additional design services.

Proposed Resolution

Recommendations

The Department of Public Works recommends that the Town Council approve this Resolution authorizing the budget transfer so that the Town can proceed with VHB's scope amendments to prepare the easement property maps and to design the proposed sidewalk extension for the School Street Complete Streets State Project L011-0004.

RESOLUTION

Whereas, the Town of Bloomfield's (the "Town's") School Street Complete Streets State Project L011-0004 (the "Project") was selected by the Capitol Region Council of Governments ("CRCOG") to receive $1.7 million in funding through the Connecticut Department of Transportation ("CTDOT") Local Transportation Capital Improvement Program ("LOTCIP") for the construction phase of the Project; and

Whereas, in accordance with LOTCIP guidelines, the Town is responsible for the design phase of the Project, including preparation of any property maps required to acquire easements; and

Whereas, during the design phase, the Town's on-call consultant, VHB, determined that easements are required from 33 properties to replace the existing sidewalk, portions of which are located on private property; and

Whereas, CTDOT has agreed to take responsibility for the administration and cost of the right-of-way phase for the Project, which is estimated at $390,000; and

Whereas, VHB has provided a scope amendment in the amount of $57,000 to prepare the 33 property maps required for the easements; and

Whereas, CTDOT is in the planning phase of a roundabout project at the School Street and Wintonbury Avenue intersection, which would replace the Town Project's planned realignment of that same intersection; and

Whereas, the Town Council received a petition, signed by 47 Seabury residents, requesting improved ability to safely walk or bike to the Town Center; and

Whereas, funding for these additional design costs is available in the Municipal Capital Grant – Woodland Avenue account (Account No. 39120000-52231).

Now therefore be it Resolved, that the Town Council hereby authorizes the transfer of $110,800 from Woodland Avenue Account No. 39120000-52231 to School Street Complete Streets Account No. 39191000-52231 to fund (i) preparation of 33 property maps for easement acquisition ($57,000) and (ii) design of the proposed sidewalk extension ($53,800) for the School Street Complete Streets State Project L011-0004.
