BLOOMFIELD TOWN COUNCIL

There was a regular meeting of the Bloomfield Town Council held on Monday September 14, 2026, at 7:00 p.m. in a hybrid meeting style. The in-person meeting location was Bloomfield Town Hall Council Chambers, 800 Bloomfield Avenue, Bloomfield, CT, and the virtual location was via Zoom.

Councilors present: ***In-Person:*** Mayor Harrington, Councilor(s) Waterhouse, Merritt, DeBeatham-Brown, Goodwin, ***via Zoom:*** Councilor(s) Deputy Mayor Lloyd, & Mahon

Councilors absent: Oliver & Cooper

Also present were: ***In-Person***—Alvin D. Schwpp, Jr., Town Manager; Latonia Tabb, Clerk of Council; Jon Colman, Director Building and Land Use; Warren Plummer, Director of IT; Elizabeth Lane, Director of Bloomfield Libraries; Annatouchur Kingland, Senior Administrative Assistant ***via Zoom:*** Town Attorney Andrew Crumbie, Crumbie Law; Darrell Hill, Director of Finance (7:43pm); Glen Garrity, Director of Public Works and Facilities; Donna Stewart, Deputy Director of Finance

The meeting was called to order at 7:01 p.m.

Public Hearing

It was moved by Mayor Harrington to open for Public Hearing at 7:01P.M. Mayor Harrington stated that the purpose of the public hearing was to solicit public input regarding proposed revisions to the Town's Code of Ordinances, including Chapter 6, Sections 6-6, 6-7, and 6-8, and Chapter 15, Section 15-6, concerning planning and zoning application fees. He noted that copies of the proposed revisions were available for public inspection in the Town Clerk's Office. Mayor Harrington invited individuals to speak.

There were no residents for public comment (in-person or online)

It was moved by Councilor DeBeatham-Brown, seconded by Councilor Waterhouse and voted unanimously to close Public Hearing at 7:02 P.M.

Mayor Harrington addressed questions regarding the newly established Charter Revision Commission. He stated that the Council established the current Commission in February 2026, with the same members as the previous Commission, to build upon prior work. The Council established a target of late January 2027 for submission of a draft report; however, the deadline may be extended as permitted by State statute. Mayor Harrington clarified that the January 2027

submission would be a draft and that the Charter Revision process is expected to continue through 2027, with the goal of placing proposed revisions on the November 2027 ballot.

Announcements and Presentations

Mayor Harrington presented awards to participants in the Bloomfield Wild for Wildlife Photo Contest, recognizing photographs highlighting the Town's wildlife and natural environment. Mayor Harrington thanked all participants for their contributions to the contest and for highlighting Bloomfield's wildlife and natural environment.

Gabrielle Ogonji – Certificate of Wildlife Photography Distinction in the Youth Shots category

Robert Morisse –Certificate of Wildlife Photography Distinction in the Young and Wild category.

Douglas Murray – Certificate of Wildlife Photography Distinction in the Golden Hour Hunters category.

Dwight Hatch –Certificate of Wildlife Photography Distinction in the Pollinator Power category.

Citizens' Statements and Petitions

Statements by members of the public may be oral or written and shall start with the speaker's name and address and shall continue to for no longer than three (3) minutes, unless permitted by the mayor of councilor presiding.

1. Robert Berman, 8 Hiram Lane, (see attached)

2. Elizabeth Lane, Director BPL, 33 Burnwood Drive, highlighted that this is Library Card Sign-Up and Hispanic Heritage Month. She reported that 7,552 Bloomfield residents had active library cards as of September 1, 2026, providing access to library programs, digital resources, museum passes, career resources, and other services. Ms. Lane also highlighted Hispanic Heritage Month programming, including cultural programs, bilingual literacy activities, Spanish-language collections, and access to Mango Languages for conversational Spanish instruction.

3. Erin Barringer, 28 Kenmore Rd., highlighted Bloomfield Public Library's Teen Advisory Group and upcoming Interval House programs addressing teen dating violence, consent and boundaries, digital wellness, and friendships. She also requested that the Finance Department review and appropriately categorize approximately 7% of the current fiscal year budget listed as "undefined" in the Town's Open Finance system. Mrs. Barringer further requested clarification regarding why prior Charter Revision proposals did not appear on the ballot and emphasized the importance of addressing the issue during the current revision process.

Report from Council Subcommittees

A. Governance, Policy & Economic Development

Mayor Harrington reported that the subcommittee had not met since the previous Council meeting but provided updates on ongoing matters. Regarding the CIF proposal, he stated that the Town expects to learn on Friday whether the proposal will be placed on the agenda for consideration, with a decision anticipated the following week. He noted that State legislators and representatives have been contacted in support of the proposal.

Mayor Harrington also provided an update on the Popeyes development, reporting that a previously unresolved Eversource issue had been resolved and that an outstanding CNG issue may have an alternative path forward. He noted that work at the site has continued and requested an update from Director Colman regarding the project.

B. Finance, Budget, Audit & Bonding

Deputy Mayor Lloyd reported on August 17, 2026, Finance Committee meeting, providing updates on the FY2025 and FY2026 audits, financial reconciliations, and Finance Department staffing. She reported that the FY2025 audit was submitted to CLA in July, with completion anticipated by mid-October 2026, and that the FY2026 audit is underway with a target submission of mid-March 2027. She also noted that most accounts were reconciled through July 2026, with more than 30 bank and investment accounts balanced.

Deputy Mayor Lloyd also provided updates on the Assistant Town Accountant position and the Board of Education's transition to Munis, noting that accounts payable is operational while payroll implementation and training continue, with full transition targeted for January 2027.

C. Public Health, Safety & Environment

Mayor Harrington, reporting in the absence of Councilor Todd Cooper, expressed condolences to the family of a tow truck operator who died in a traffic accident on Tunxis Avenue. He also expressed concern regarding a subsequent incident involving a Bloomfield resident who was struck by a vehicle and reminded motorists to exercise caution, remain attentive, and limit phone use while driving.

D. Education, Workforce, Youth Development & Community Services

Mayor Harrington reported that Councilor Michael Oliver was unable to attend the meeting due to a family emergency and stated that his report would be provided at the next Council meeting.

E. Committee on Committees

Councilor Goodwin reported that the Committee completed interviews for appointments to the Bloomfield Housing Authority, Board of Assessment Appeals, Conservation, Energy and Environment Committee, Environmental Development Commission, Emergency Medical

Services, Fair Rent Commission, Golf Advisory Committee, Inland Wetlands and Watercourses Commission, Lower Farmington River, Public Art Commission, Recreation Committee, Youth Adult Council, and Youth Diversion Team. He stated that recommendations would be submitted to the Council at its next meeting in accordance with the applicable ordinances and Charter provisions.

Councilor Goodwin also clarified that the Ethics Commission is nominated and appointed by the Council under the applicable ordinance and Charter provisions; therefore, the Committee on Committees would not make appointments to that commission.

Council Business

Consent Agenda:

A. Approval of Minutes

- August 10, 2026
- August 24, 2026

B. Consider and Take Action Regarding Tax Refunds

C. Consider and Take Action Regarding the Appointment of the Committee on Committees' Recommended Candidate for the Zoning Board of Appeals Alternate Vacancy

It was moved by Councilor Waterhouse, seconded by Goodwin to open the floor for discussion.

Councilor DeBeatham-Brown raised concern regarding the accuracy of the August 24, 2026 meeting minutes. She stated that an agenda item and vote following executive session were not reflected in the minutes and that she had submitted the requested revisions by email twice without confirmation. She requested that the August 24 minutes be removed from the consent agenda so the corrections could be made before approval.

There was discussion with the councilors.

It was moved by Councilor DeBeatham-Brown, seconded by Councilor Waterhouse and voted unanimously to remove August 24, 2026, meeting minutes from approval.

It was moved by Councilor Waterhouse, seconded by Councilor Goodwin and voted unanimously to approve the consent agenda.

It was moved by Councilor DeBeatham-Brown, seconded by Councilor Waterhouse and voted unanimously to table the minutes of August 24, 2026, for the next Town Council Meeting to give the council an opportunity to review the edited minutes.

Report from Town Manager

Mr. Alvin D. Schwapp, Jr., Town Manager provided updates on the Town's transition plans, staffing, finance, capital improvement planning, and economic development. He reported that

transition plans were underway for 330 Park Avenue, Human Resources, and the Finance Department, with Donna Stewart appointed as Director of Finance. Recruitment continued for several positions, including HR Director, Assistant Town Accountant, Assistant Director of Social and Youth Services, Assistant Town Engineer, and full-time IT. The Board of Education's transition to Munis payroll is targeted for April 1, 2027.

Mrs. Stewart reported that prior accounting deficiencies had been addressed, bank reconciliations were current through August, the FY2025 audit was nearing completion, and preparation for the FY2026 audit was underway.

Mr. Glen Garrity, Director of Public Works and Facilities, reported concerns regarding deferred maintenance, aging vehicles and capital assets, and the need for longer-term capital planning. A future presentation on deferred maintenance and capital needs will be provided to the Council, followed by a Public Works open house.

Mr. Jon Colman, Director of Building and Land Use, provided updates on economic development, including the Town Center plan, Plan of Conservation and Development, active development projects, and the Popeyes project. He reported 2,247 building permits issued during FY2026, approximately $1.747 million in permit value, and $126.408 million in construction value added to the Grand List.

The Town Manager also announced the upcoming 2026 Bloomfield Food Truck Festival on Saturday, September 19 and introduced new Library staff members Rosie Luther and Vanessa Kelman. He emphasized employee recruitment, development, recognition, and internal advancement.

Council Comments

Mayor Harrington

Mayor Harrington reported on recent Board of Education activities and educational outcomes, noting a current 94% graduation rate and 78% of graduates attending college. He recognized Lisa Limenzo for her recent appointment to a leadership position within the Board of Education and commended her professional development. Mayor Harrington also noted the 25th anniversary of September 11, 2001, and his participation in the annual commemoration in Westport. He expressed interest in establishing a similar commemoration in Bloomfield.

Mayor Harrington reported that Superintendent Youngberg plans to provide monthly updates to the Town Council during the second Council meeting of each month and noted progress by the Board of Education Finance Department in addressing prior concerns and transitioning to the Munis system. Mayor Harrington announced the Connecticut Minority Construction Council's annual "Connections That Build Opportunities" event, scheduled for October 2, from 8:00 a.m. to 12:00 p.m. at the Alvin and Beatrice Wood Human Services Building, 330 Park Avenue, and encouraged local contractors to participate.

Later in the meeting, Mayor Harrington recognized the evening's award recipients and noted plans to recognize Bloomfield High School track athletes, including the national high jump champion and both boys' and girls' state championship teams also highlighting the Town's 94% graduation rate and 78% college enrollment rate. Mayor Harrington noted ongoing economic development and housing initiatives, including efforts to determine the use of housing development funds, and stated that the Town is awaiting a decision from CIF regarding funding consideration.

S. DeBeatham-Brown

Councilor DeBeatham-Brown raised concerns regarding parking at Wedgwood Apartments. Director Colman stated that increased parking demand under older development regulations has created challenges and that the Town will explore options with the Police Department and Connecticut Transit, including regulated on-street parking and potential transit adjustments.

Councilor DeBeatham-Brown emphasized the importance of timely communication with residents regarding their concerns. She also noted that she had initiated discussions regarding the Town Manager's budget, encouraged clear Council direction, and congratulated Councilor Mahon on receiving the Legacy Leader Award.

Councilor DeBeatham-Brown asked whether Councilors may ask questions of Town staff or the Town Manager during their reports so that questions and responses are reflected in the record without reducing the Councilor's allotted comment time. Town Manager Schwapp clarified that he routinely invites questions at the conclusion of his reports to allow for discussion with Council and staff. Councilor DeBeatham-Brown acknowledged the clarification and stated that she would use this opportunity to ensure questions are addressed and included in the record.

J. Merritt

Councilor Merritt questioned the Council's two-minute speaking limit and suggested that the Rules of Procedure be reconsidered. He congratulated Donna Stewart on her qualifications and experience and expressed confidence in her leadership in the Finance Department.

D. Goodwin

Councilor Goodwin recognized residents who applied to serve on Town committees and commissions, commending their willingness to contribute their time, experience, and talents. He encouraged Republican and unaffiliated residents to apply for available positions to help ensure that committees and commissions remain balanced in accordance with the Charter and ordinances.

S. Mahon

Councilor Mahon stated that Councilors should be permitted to ask clarifying questions during staff or Town Manager reports without those questions reducing their allotted Council comment

time. He thanked Councilor DeBeatham-Brown for presenting him with the Legacy Leader Award and raised concerns regarding the Blue-Ribbon Committee, including the lack of publicly identified members and information regarding the application and selection process. Councilor Mahon encouraged the Town Manager to consider greater public involvement in the process, particularly given the committee's role in matters affecting the Town's budget, taxes, and use of public funds.

Adjournment

It was moved by Councilor Merritt, seconded by Councilor DeBeatham-Brown and voted unanimously to adjourn the meeting at 8:36 P.M.

September 14, 2026

My name is Robert Berman. I reside at 8 Hiram Lane. On July 22, 2026, I requested a copy of the addendum to the Town Attorney's contract from the Town Clerk's office. On August 17, 2026 I requested copies of the invoices submitted by the Town Attorney's law office since November 1, 2023. As of today, I have not received either of these requests. I have been informed by the Town Clerk's office that the request for the addendum to the Town Attorney's office was referred to the Town Manager's office, and that the request for the invoices was referred to the Finance Department. Discussions with former employees of the Finance Department indicated that all invoices are routinely scanned into the computer, and that an electronic file of requested invoices can be produced in a timeframe that varies from as little as 10 seconds to as much as 45 seconds.

I am, therefore, respectively requesting that this Town Council direct the Town Manager, who has the copy of the addendum in his office, to produce it for me within 48 hours. In addition, I am respectively asking this Town Council to direct the Town Manager to direct the Finance Department to provide the requested invoices with the next 48 hours also.

If this Town Council and this Administration is as interested in transparency as claimed, than this should be a no-brainer. If, however, both this Town Council and Administration wish to continue not to respond to the residents of Bloomfield, then these two simple requests will continue to be ignored. I ask that this statement be entered into the official minutes of this meeting.

Thank you

Robert Berman

BLOOMFIELD TOWN COUNCIL

There was a special meeting of the Bloomfield Town Council held on Wednesday, April 20, 2026 at 6:30 p.m. in a hybrid meeting style. The in-person meeting location was Bloomfield Town Hall – Council Chambers, 800 Bloomfield Avenue, Bloomfield, CT, and the virtual location was via Zoom.

Councilors present were: ***In-Person****:* Mayor Harrington; Deputy Mayor Lloyd; Councilors Cooper (6:43pm), DeBeatham-Brown, Mahon, Merritt, Oliver & Waterhouse; *and* ***via Zoom****:* Councilor Goodwin

Councilors absent were: None

Also present were: ***In-Person***—Jon Colman, Director of Building & Land Use; Darrell Hill, Director of Finance; Annatouchur Kingland, Senior Administrative Assistant; Bruce Lajoie, Assistant Director of Information Technology & Innovation; Elizabeth Lane, Director of Bloomfield Public Library; Rosa Matias, Director of Human Resources; David Melesko, Director of Parks, Recreation & Leisure Services; Vinci Midodzi, Assessor; Warren Plumber, Director of Information Technology & Innovation; India Rodgers, Director of Operations & Communications; Alvin D. Schwapp, Jr., Town Manager; Dr. Tracy Youngberg, Superintendent of Bloomfield Public Schools; *and via Zoom*—Daniel Carter, Director of Public Works; Andrew Crumbie, Town Attorney; Camillia Hillian, Director of Social & Youth Services; Yvette Huyghue-Pannell, Director of Senior Services

The meeting was called to order at 6:40 p.m.

Discussion and Possible Action regarding the FY 2027 Budget – Council Deliberation/Action (Part 2)

Mayor Harrington opened with remarks acknowledging a recent tragedy in Shreveport, Louisiana, followed by a moment of silence. He also corrected a prior statement concerning the Town Attorney contract, acknowledging that he had authorized the contract increase at the beginning of his administration and apologizing to former Mayor Danielle C. Wong for the prior misstatement. Mayor Harrington thanked residents who participated in the prior FY2027 budget public hearing and stated that their comments would help guide the Council's continued budget deliberations. He also acknowledged concerns regarding communication with the Council and constituent inquiries and committed to strengthening communication following the budget season.

It was moved by Councilor Mahon, seconded by Councilor DeBeatham-Brown to suspend the rules and add public comment at the end of the meeting. The motion was discussed extensively, including the requirements applicable to special meetings under the Connecticut Freedom of Information Act (FIOA) and concerns regarding the timing and revision of the meeting agenda. Councilor

DeBeatham-Brown stated for the record that the agenda had initially referenced a public hearing and deliberations and was subsequently revised and questioned whether the meeting remained legally noticed. She also stated that she had requested citizen statements in advance because she wanted residents to have an opportunity to comment after Council deliberations.

Ms. India Rogers, Director of Operations and Communications, provided clarification concerning the agenda revision. Ms. Rogers stated that the reference to a public hearing appeared in the title of the agenda but not in the body and that the title was corrected as a clerical error. She further explained the timing of Councilor DeBeatham-Brown's request for citizen statements and the requirement for 24-hour notice for a special meeting. Attorney Crumbie discussion followed, and it was stated that additional business could not be added to the agenda of a special meeting without the required notice. The Council therefore did not take a vote on the motion to add public comment.

Councilors then proceeded with the FY2027 budget deliberations. Councilors questioned whether the scenarios requested during the previous meeting had been prepared and expressed concern that the Council needed specific add/drop scenarios in order to evaluate proposed changes to the budget.

Mr. Darrell Hill, Finance Director, explained that the Finance Department had reviewed the Town Manager's proposed budget and prepared a scenario approach based on changes requested by the Council. He explained that, as a general guideline, each $1 million increase or decrease in the budget would result in approximately a 1% change in the tax increase, subject to other adjustments, including the State motor-vehicle grant calculation. He stated that Finance would review Council-proposed scenarios for completeness, including salary and fringe-benefit impacts.

Councilor DeBeatham-Brown expressed concern that the Council had expected scenarios to be available before the meeting and stated that the Council's role at this stage of the process was to determine what should be added back to or removed from the Town Manager's proposed budget. She stated that she was evaluating the budget on a department-by-department basis rather than applying a general percentage reduction and requested the information necessary to understand the effect of specific reductions and restorations.

The Council discussed the status quo budget and potential targets for the overall increase. Town Manager, Alvin Schwapp, Jr., and Director Hill explained that the status quo roll-forward would result in an increase of more than 11% and asked the Council to establish a target from which staff could calculate the necessary reductions. Council members expressed a preference for seeing actual scenarios and the specific operational effect of proposed changes.

Councilor Merritt proposed reducing the Board of Education increase by $2 million. The proposal did not proceed to a final vote at that point, as the mayor and other Council members stated that the Board of Education reduction needed to be incorporated into complete budget scenarios before Council could determine its effect.

During the continued discussion, Council members identified previously discussed restorations and reductions, including trash service, Social and Youth Services, summer camp, after-school programming, senior services, Board of Education funding, non-union compensation, library services, Public Works, Information Technology, and other departmental expenditures. Council

members also discussed the need for the Town to identify potential administrative reductions and to provide sufficient detail to evaluate the operational consequences of proposed cuts.

It was moved by Mayor Harrington, seconded by Deputy Mayor Lloyd and voted unanimously to recess for 10 minutes allowing staff to prepare additional budget information and the necessary equipment for the Council to review the budget spreadsheet and scenarios in greater detail.
Recess: 7:34 p.m.
Meeting resumed: 7:50 p.m.

Following the recess, Director Hill continued presenting budget information and responding to Council questions. He reviewed the status quo roll-forward, proposed additions and subtractions, personnel and compensation assumptions, revenue adjustments, and the effect of potential use of unassigned fund balance. Council members continued to request a working Excel spreadsheet that would allow the Council to see the impact of individual add/drop decisions on the total budget, mill rate, and projected tax increase.

Director Hill reviewed revised revenue assumptions, including telecommunications tax revenue and Payment in Lieu of Taxes, and explained adjustments involving Education Cost Sharing and other State-related revenues. He also discussed personnel changes, medical-cost assumptions, Information Technology expenditures, Public Works, the Registrar of Voters, and other departmental adjustments.

The Council discussed the use of unassigned fund balance, the Town's 15%–20% fund balance policy range, the FY2026 appropriation of fund balance, and the $4 million transfer to the Economic Development Trust. Director Hill cautioned against using reserves to support recurring operating expenditures and discussed the potential impact of continued reserve use on the Town's long-term financial position and credit considerations. Council members expressed differing views regarding the amount of fund balance that should be used to reduce the FY2027 tax increase.

Council members also discussed the effect of the revaluation phase-in, the grand list, the resulting mill-rate calculations, and the increase in the MDC assessment. Director Hill provided the Council with calculations reflecting different levels of fund balance use and explained the corresponding projected tax increases.

Councilor Cooper emphasized the need for the Council to proceed with budget deliberations and requested that the Town provide the information necessary for the Council to make informed decisions. Councilor Goodwin expressed concern that Council members had previously provided specific requests and expected those requests to be reflected in the scenarios presented.

Councilor Merritt advocated for additional reductions to the Board of Education increase and discussed the treatment of non-union employees and library services. Councilor Mahon questioned whether one-time expenditures could be supported through the Economic Development Trust rather than additional use of unassigned fund balance. Councilor DeBeatham-Brown continued to request detailed, line-item information.

It was moved by Councilor Cooper, seconded by Councilor Oliver and voted to direct the Town Manager to move into presenting the budget scenarios.

VOTE: **AYE:** T. Cooper, M. Oliver, E. Waterhouse, D. Goodwin, J. Merritt, S. DeBeatham-Brown, S. Mahon, A. Harrington,
NAY: None
ABSTAIN: C. Lloyd

Motion passed: 8-0-1

Director Hill then formally presented the budget scenarios and explained the assumptions underlying each scenario. The scenarios included varying levels of use of unassigned fund balance, including a scenario using approximately $1.5 million for general operations. He explained the projected tax impacts associated with the different scenarios and continued to respond to Council questions concerning the grand list, equalized mill rate, current tax collections, and other budget assumptions.

Mayor Harrington also discussed the Town's efforts to secure outside funding for Town Center redevelopment, including congressional and senatorial funding proposals and the Town's anticipated reapplication for CIF funding. He emphasized the importance of maintaining a Town investment in the project when pursuing outside funding.

As the Council prepared to begin the formal add/drop process, Councilor DeBeatham-Brown moved to adjourn the meeting and resume the add/drop process after the budget spreadsheet was available. Councilor Mahon proposed a friendly amendment requesting that scenarios submitted by Council members by email also be included. Councilor DeBeatham-Brown declined the friendly amendment and stated that the Council should avoid confusion from multiple individual submissions and instead work from the consolidated information.

ADJOURNMENT

It was moved by Councilor DeBeatham-Brown, seconded by Councilor Waterhouse, and voted unanimously to adjourn at 9:00 p.m.

MAYORAL STATEMENT – APRIL 20, 2026

During the Town Council Special Meeting for the FY27 Budget Public Hearing and Council Deliberations (Part 1), I incorrectly stated that I did not authorize the Town Attorney contract increase and attributed that action to former Mayor Danielle C. Wong.

In fact, I did authorize the signing of the contract at the start of my administration. I regret this error and any confusion it may have caused.

I sincerely apologize to former Mayor Wong for this misstatement.

I also want to thank all of our residents who participated in Thursday's public hearing. Your input is valued and appreciated. We took many of your comments and suggestions to heart, and they will help guide our decisions as we continue deliberations on the FY27 budget.

Discussion and Possible Action regarding the FY 2027 Budget – Council Deliberation/Action (Part 3)

III. DISCUSSION AND POSSIBLE ACTION REGARDING THE FY 2027 BUDGET – COUNCIL DELIBERATIONS (PART 3)

Deputy Mayor Lloyd stated that the Council would conduct the evening's budget deliberations in an orderly cadence to allow each Councilor an opportunity to be heard and to consider public comments and concerns received through emails, telephone calls, and other communications. She explained that the Council would first address proposed reductions and restore items of significant concern to the community, followed by consideration of budget modifications identified by department directors, staff, and the Town Manager, while continuing to allow for line-by-line review of the proposed budget.

Finance Director Darrell Hill reviewed the historical adopted budgets for the Town Attorney from 2016 through 2026 and discussed the proposed FY 2027 budget. He also reviewed the Metropolitan

District Commission (MDC) ad valorem assessment, explaining the difference between the MDC calendar-year fiscal structure and the Town's July 1-June 30 fiscal year. Director Hill reported that Bloomfield's quarterly MDC payment had increased from approximately $898,587 to approximately $1.057 million and explained that the higher amount was being carried into the FY 2027 budget based on the current assessment schedule.

Councilor DeBeatham-Brown questioned differences between the MDC adopted budget and the figures contained in the MDC memorandum provided to the Council. Director Hill stated that he would review the MDC budget and, if necessary, contact the MDC for clarification. Councilor Oliver also questioned why East Hartford's assessment differed from Bloomfield's, and Director Hill explained that the allocation was believed to be based on assessed values rather than population and that he would confirm the calculation.

Director Hill reviewed the Town's unassigned fund balance. He reported that the audited FY 2024 unassigned fund balance was approximately $21.7 million, representing 19.7% under the Town's fund balance policy. Based on unaudited FY 2025 information, the fund balance was projected at approximately $24.7 million, or 21.7%. For FY 2026, the projected fund balance ranged from 17.9% to 21.1%, depending on whether the $3.75 million appropriated fund balance was utilized. After accounting for the $4 million transfer to the Economic Development Trust, the range was approximately 14.5% to 17.7%. Mr. Hill noted that the FY 2027 calculation was based on the proposed $117.1 million revenue budget and would be updated when the budget was adopted and audited financial information became available.

Director Hill then reviewed the budget deliberation worksheets and Scenario 2. He explained that Scenario 2 included approximately $551,000 in budget modifications and removed the management/non-union general wage increase or COLA of slightly more than $206,000, as well as the 1% management merit increase of $4,671. Scenario 2 resulted in a projected mill rate of 35.51, representing a 6.41% increase.

Director Hill also reviewed individual Councilor scenarios. Councilor Oliver's scenario removed the $19,130 digital forensics program from the Police Department budget modifications, resulting in a projected 6.39% increase. Councilor Merritt's scenario restored $50,000 in Library part-time hours, resulting in a projected mill rate of 35.53 and a 6.46% increase. Councilor Mahon's scenario modified the use of fund balance and Board of Education funding, included a $500,000 restoration to the Board of Education reduction, and included several other proposed reductions and additions, including a police cruiser of approximately $76,000. The scenario resulted in a projected mill rate of 34.8 and a 4.29% increase. A proposed tuition reimbursement cap of $100,000 was also discussed as a future budget concept; Director Hill noted that the amount shown in the scenario would not necessarily be achievable without further review.

The Council then proceeded through reductions and additions in a structured round-by-round process. Councilors discussed reductions involving Public Works, Operations and Communications, Finance, Human Resources, Planning and Zoning, the Zoning Board of Appeals, Inland Wetlands, the Commission on Aging, Beautification, Public Art, the Health District, Boards and Commissions, and other departmental and committee budgets. Several Councilors stated that reductions would

need to be evaluated based on their impact on services and statutory responsibilities rather than solely on the dollar amount.

Councilors discussed the proposed reduction to the Health District. Town Manager Schwapp stated that he would review the proposed approximately $14,000 reduction to determine whether it would affect the Town's ability to provide necessary services.

The Council also discussed large departmental reductions, including proposed reductions to Finance and Operations and Communications. Director Hill explained that a significant portion of the Finance Department's proposed increase consisted of salaries and fringe benefits for union employees and that an unspecified departmental reduction of approximately $136,000 would likely require identifying specific services or positions to eliminate. He emphasized that reductions should be tied to services the Town no longer wished to provide rather than simply assigning a dollar reduction to a department.

The Council discussed the proposed furlough concept. Town Manager Schwapp explained that implementing furlough days across the workforce would require discussions with the Town's bargaining units and consultation with labor counsel. He stated that the Town would need to account for contractual requirements, staffing levels, overtime, unemployment implications, and the operational impact of employees being absent. Councilor Mahon initially proposed a four-day management-only furlough, while Councilor Goodwin proposed consideration of furlough days for all employees. As the deliberations progressed, Councilor Goodwin requested that the scenario reflect three furlough days for all employees in place of the management-only furlough and indicated that the additional savings could create flexibility to restore resident-facing and volunteer-supported services.

The Council discussed the library's proposed staffing and part-time hour reductions. Director Lane described increased library usage, new library-card registrations, study-room usage, programming, materials circulation, and the workload associated with both public-facing and behind-the-scenes library operations. Director Lane explained that the requested $50,000 in part-time hours remained below staffing levels in comparable communities and was intended to maintain service capacity and support the library's expanded use.

The Council also discussed Operations and Communications, and the support provided to the Town's 48 Boards and Commissions. Director Rodgers explained that her department provides administrative support for the Boards and Commissions, including meeting coordination, appointments, records, compliance with public meeting requirements, communications, special events, and departmental promotional support. She explained that the Town had approximately 150 volunteers serving on 48 Boards and Commissions and that some bodies were required by ordinance or statute.

Director Rodgers also discussed the onboarding software purchased to improve the Boards and Commissions application and appointment process, centralizing agendas and documents, improving transparency, and reducing administrative delays. The Deputy Mayor noted the importance of the related standard operating procedure and the work performed by part-time staff to improve the application and appointment process.

The Council further discussed proposed reductions involving Boards and Commissions, Planning and Zoning, the Zoning Board of Appeals, Inland Wetlands, the Commission on Aging, Beautification, and Public Art. Councilors raised concerns that reductions in advertising, notices, and other support could interfere with statutory requirements and the ability of volunteer commissions to perform their duties. Councilor Goodwin subsequently indicated that he wanted to restore funding for Planning and Zoning, the Zoning Board of Appeals, and the Commission on Aging in connection with the proposed workforce furlough alternative.

The Council discussed maintaining the $4 million transferred to the Economic Development Trust. Councilors noted that the Town had pending funding applications and that the Town's existing contribution was part of the financial commitment supporting those applications.

The Council also discussed Police Department equipment and vehicles. Councilor Oliver clarified that the digital forensics request was approximately $20,000 rather than the $300,000 amount initially understood and indicated support for restoring the request. Later, Councilor Cooper requested that one police cruiser be restored, explaining that the Police Department had vehicle replacement needs and that maintaining safe patrol vehicles was important. Director Hill explained that the police administration vehicles were constructed differently from patrol vehicles and might not be suitable as replacements for patrol units. The matter remained subject to final Council action.

Following the discussion of the various scenarios, reductions, additions, and departmental impacts, Deputy Mayor Lloyd stated that the Council had developed a comprehensive list of proposed changes and should next move into establishing consensus and taking formal votes on the remaining items. No final votes were taken on the individual budget additions and reductions during this portion of the meeting.

It was moved by Deputy Mayor Lloyd, seconded by Councilor Cooper and voted unanimously to recess for ten minutes at 8:10 P.M.

The Council returned to the meeting at 8:35 P.M. Upon returning, the Council continued reviewing and refining proposed additions and reductions. Councilors continued discussing the Library, Public Works, Operations and Communications, Planning and Zoning, Zoning Board of Appeals, Boards and Commissions, Police vehicles, employee furlough concepts, and other budget items. The Council agreed that competing proposed additions and reductions would require final Council votes after the remaining items were reviewed.

At the conclusion of the deliberations, Deputy Mayor Lloyd stated that the Council had provided substantial input and developed a robust list of potential additions, reductions, and restored items. She recommended that the Council reconvenes the following day at 6:30 P.M. to continue the process of gaining consensus and taking final votes.

It was moved by Councilor Oliver, seconded by Councilor DeBeatham-Brown and voted unanimously to reconvene the FY2027 Budget Deliberations at 6:30 p.m. the following day.

IV. ADJOURNMENT

It was moved by Councilor Oliver, seconded by Councilor DeBeatham-Brown, and voted unanimously to adjourn the meeting at 10:43 p.m.

Each Board and Commission has its own meeting schedule and time commitments. Are you able to commit at least 2 hours per month to attend regular meetings? Do you have any current conflicts that would prevent you from attending monthly meetings, approximately one evening per month?	Yes
Many Boards and Commissions do not require any specific experience and are primarily looking for dedicated volunteers. If you have any experience, education, interest or other background information that may be relevant to the particular Board/Commission you are interested in please share it here:	Founder & Facilitator – Dinner and Discourse Designed and led structured community conversations centered on trust, accountability, civic dialogue, and respectful disagreement. This work required neutrality, active listening, ethical facilitation, and careful moderation of sensitive topics. • Community Program Design & Facilitation Experience creating public-facing programs that balance diverse viewpoints, power dynamics, and social responsibility, with a strong emphasis on fairness, transparency, and inclusion. • Brand Building & Professional Work in London (Black Chandelier) Worked internationally in brand strategy and creative direction, where reputation, credibility, and ethical decision-making were essential. Exposure to cross-cultural professional standards strengthened sound judgment and ethical awareness. • Experience with Emerging Technologies (Crypto / Web3) Hands-on experience with decentralized systems and governance models, offering practical insight into transparency, conflicts of interest, accountability, and ethical risk in evolving technological spaces. • Yoga Practice & Teacher Trainings Completed yoga teacher trainings and maintained a long-term practice emphasizing ethical conduct, self-regulation, non-harm, responsibility, and presence—skills valuable for impartial, composed decision-making. • Third-Generation Resident of the Town

	Deep multigenerational connection to the town, providing historical context, institutional memory, and a strong personal investment in upholding community standards and public trust. • Civic & Educational Engagement Experience collaborating with libraries, schools, and community organizations in professional and community-based settings, requiring discretion, documentation, and accountability. • Analytical Thinking & Ethical Communication Strong ability to separate fact from opinion, identify bias, ask clarifying questions, and communicate concerns thoughtfully without escalation. • Conflict Navigation & Power-Dynamics Awareness Comfortable navigating disagreement, ambiguity, and competing interests with fairness, patience, and principled reasoning.
Please share why you are interested in serving on this Board or Commission:	My background is rooted in working across community, civic, and professional environments where ethical decision-making is not theoretical, but practical. I have regularly navigated situations involving conflicting interests, power dynamics, confidentiality, and accountability, and I approach these moments with a grounded, thoughtful perspective rather than a reactionary one. I have experience analyzing information critically, asking clarifying questions, and separating facts from interpretation, which is essential when reviewing ethical concerns objectively. I am particularly attentive to process: not just what decision is made, but how it is made, whether all parties are heard, and whether standards are applied consistently. In addition, my work in community-facing initiatives has made me deeply aware of how ethical lapses, or even the perception of them, can erode trust. I value integrity, documentation, and clear communication, and I understand the importance of discretion when dealing with sensitive matters. I am drawn to the Ethics Board not to advance any personal agenda, but to help ensure that policies and conduct reflect the values of fairness, responsibility, and public service. I am committed to learning the specific guidelines of the Board, collaborating respectfully with other members, and serving the community with impartiality and care.
Have you contacted any current members or attended any meetings on the	Yes

Is there anything else that you would like to share with us?	would like to offer my service to one or more areas of the Town where my skills and experience can be most useful. While I am mindful not to overextend myself or take on too many commitments at once, I do believe I bring relevant perspective, judgment, and capacity that could serve one—or potentially several—boards or commissions. I have been a member of this town for over 32 years and am a third-generation resident, with a family name that is well known within both the broader community and the local urban community. My connection to the town is personal and long-standing, and I approach civic involvement with a sense of responsibility, care, and continuity. Having recently graduated from the Hartford Leadership Academy, I feel prepared to step into civic service with a clearer understanding of local governance, collaboration, and accountability. I am not seeking a transient role or short-term involvement; I live in my grandfather's home and have no plans to leave the area. My goal in entering this civic space is to bring the experiences I have gained—professionally, creatively, and through community engagement—into service of the town in a thoughtful and sustainable way. I would like to see those experiences contribute to long-term growth, trust, and positive change, helping position the Bloomfeild and greater hartford region as a place where inclusive, ethical, and forward-thinking leadership can flourish.

Each Board and Commission has its own meeting schedule and time commitments. Are you able to commit at least 2 hours per month to attend regular meetings? Do you have any current conflicts that would prevent you from attending monthly meetings, approximately one evening per month?	Yes
Many Boards and Commissions do not require any specific experience and are primarily looking for dedicated volunteers. If you have any experience, education, interest or other background information that may be relevant to the particular Board/Commission you are interested in please share it here:	I have a bachelor's in Legal Studies from the University of Hartford, a Master's of Defense and Strategic Studies from the University of Missouri, and currently finishing up my MBA with a concentration in Marketing from UCONN in May of 2026
Please share why you are interested in serving on this Board or Commission:	I believe it's time to give back to my community, and I have a solid understanding of business and a vested interest in seeing it thrive with the right mix of businesses. I ultimately want to see Bloomfield residents become tourists in our own town and circulate money within our own ecosystem rather than supporting surrounding towns. Our town is capable of having everything the residents need and more, and the decisions we make today have an impact on the future residents.

Have you contacted any current members or attended any meetings on the Board/Commission that interests you?	No, however, I have watched some of the meetings via YouTube
Please list any other Boards/Commissions you would like to learn more about during your interview.	Board of Assessments Appeal, and the Ethics Commission
Is there anything else that you would like to share with us?	I am currently an active member of the Connecticut Army National Guard, so I believe in civil service.

Board or Commission for which you would like to be considered	Economic Development
Each Board and Commission has its own meeting schedule and time commitments. Are you able to commit at least 2 hours per month to attend regular meetings? Do you have any current conflicts that would prevent you from attending monthly meetings, approximately one evening per month?	Yes
Many Boards and Commissions do not require any specific experience and are primarily looking for dedicated volunteers. If you have any experience, education, interest or other background information that may be relevant to the particular Board/Commission you are interested in please share it here:	As a long-term resident of Bloomfield, I am deeply committed to the growth and sustainability of our community and bring both professional experience and personal investment to this opportunity. I currently serve as the Chief Operating Officer at HEDCO, where I work closely with small businesses and entrepreneurs to support access to capital, provide technical assistance, and strengthen local economic ecosystems. This role has given me valuable insight into the challenges and opportunities facing businesses, particularly in underserved communities. In addition to my current role, I previously owned and operated Your CBD Store in Simsbury, where I gained firsthand experience in business ownership, including startup development, daily operations, and customer engagement. I am also the founder of Juene Consulting, a small business consulting company focused on helping entrepreneurs build sustainable and scalable operations. My background combines nonprofit leadership, entrepreneurship, and consulting, allowing me to bring a practical, solutions-oriented perspective. I am particularly interested in supporting initiatives that promote small business growth, economic inclusion, and community-driven development. I am eager to contribute my time, experience, and passion as a dedicated volunteer and believe I would be a valuable addition to the Town of Bloomfield's Economic Development Committee.

Please share why you are interested in serving on this Board or Commission:	I am interested in serving on the Economic Development Committee for the Town of Bloomfield because I care deeply about the continued growth, vitality, and long-term sustainability of the community I call home. As a long-term resident, I have seen both the strengths and opportunities within Bloomfield, and I am motivated to be part of the work that helps shape its economic future. Through my role as Chief Operating Officer at HEDCO, along with my experience as a small business owner and consultant, I have developed a strong understanding of what businesses need to start, grow, and thrive. I am particularly passionate about supporting local entrepreneurs, strengthening our small business ecosystem, and ensuring that economic development efforts are inclusive and accessible. Serving on this committee would allow me to give back in a meaningful way by contributing my experience, collaborating with other community leaders, and helping to advance initiatives that attract investment, support existing businesses, and create opportunities for residents. I am especially interested in helping to foster a vibrant, business-friendly environment that reflects the diversity and potential of Bloomfield. I see this as an opportunity to not only serve, but to help build a stronger, more connected community for current and future generations.
Have you contacted any current members or attended any meetings on the Board/Commission that interests you?	I have spoken with the Mayor Tony Harrington and Byron Lester, TPZ. They both provided valuable insight. Byron put me in touch with Bonnie. We will be scheduling a meeting in the near future.
Please list any other Boards/Commissions you would like to learn more about during your interview.	Ethics Commission and Youth Adult Council

Clerk of Council

MEMORANDUM

TO: Town Council
FROM: Jon Colman, Director
DATE: August 18, 2026
RE: Amendment/Revision of Town Code Ordinances for Building Permit and Land Use Application Fees

I. PURPOSE/PROPOSAL

This memorandum requests that the Town Council consider amending the Town of Bloomfield's Building Permit and Land Use application fees. The proposed revisions update fees that have not kept pace with the administrative costs of processing applications, conducting inspections, reviewing plans, enforcing regulations, and providing other municipal services by the Building Division and Land Use Department.

The proposed fee revisions are set forth in the attached fee schedule and include amendments to Chapter 6, Sections 6-2, 6-6, 6-7 and 6-8 of the Bloomfield Code of Ordinances, as well as Chapter 15, Section 15-6 concerning Planning and Zoning application fees.
The proposed fee schedule, submitted for consideration, increases the Building Division's principal permit fee from $17.00 to $19.00 per $1,000 of construction value, raises the minimum permit fee from $60.00 to $70.00, and increases several enforcement-related fees. The proposed Planning and Zoning fees likewise increase the existing application fees for site plans, special permits, lot splits/first cuts, subdivisions/re-subdivisions, zoning verification/compliance, zoning amendments, variances, and appeals.

II. STATUTORY AUTHORITY

A. Land Use Application Fees – Connecticut General Statutes (C.G.S.) Sec. 8-1c

B. Building Permit Fees – C.G.S. Sec. 29-263

The State education fee is separate from the Town's locally established building permit fee. The proposed fee schedule identifies the State education fee as $0.26 per $1,000 of
while expressly recognizing that any state-mandated education fee remains subject to the requirements of C.G.S. Sec. 29-263 and applicable State regulations.

III. EXISTING BLOOMFIELD BUILDING PERMIT FEES & FINANCIAL IMPACT

Bloomfield Code of Ordinances Sec. 6-2 currently establishes the municipal fee for permits required by the State Building Code at **$17.00 per $1,000 of construction value**, with a minimum building permit fee of **$60.00**, regardless of construction value.

Section 6-2 also contains a municipal waiver for certain permits issued to the Town of Bloomfield and the Bloomfield Center and Blue Hills Fire Districts, while expressly preserving payment of the State fee required by C.G.S. Sec. 29-263.

IV. PROPOSED BUILDING PERMIT FEE REVISION

The proposed amendment would revise **Sec. 6-2(a)** as follows:

Building Permit Fee	Current	Proposed
Municipal permit fee	$17.00 / $1,000	**$19.00 / $1,000**
Minimum permit fee	$60.00	**$70.00**
State education fee	$0.26 / $1,000	**$0.26 / $1,000**

The proposed $19.00 rate is the Town-established permit fee. The $0.26 State education fee is separately imposed pursuant to State law and should not be characterized as a Town fee. The submitted proposal identifies both components separately.

V. PROPOSED BUILDING ENFORCEMENT AND INSPECTION FEES

The proposed revisions also amend three existing Building Division enforcement-related provisions.

A. Section 6-6 – Investigation Fee

Bloomfield Code Sec. 6-6 currently authorizes an investigation fee when work requiring a building permit has commenced without first obtaining the required permit. The existing ordinance establishes the investigation fee at an amount equivalent to the permit fee, with a minimum of $250.00.

The proposed amendment would increase the minimum investigation fee from $250.00 to $275.00, while retaining the relationship to the applicable permit fee. The proposed schedule describes the fee as $275.00 or the equivalent of the permit fee, whichever is greater.

B. Section 6-7 – Reinspection Fee

Bloomfield Code Sec. 6-7 currently establishes a $50.00 reinspection fee under specified circumstances. The proposed amendment would increase the fee from $50.00 to $55.00.

C. Section 6-8 – Unauthorized Occupancy

Bloomfield Code Sec. 6-8 prohibits occupancy without the required certificate of occupancy or certificate of completion and currently provides for a $250.00 fee for unauthorized occupancy.

The proposed amendment would increase the fee from $250.00 to $275.00.

VI. PROPOSED PLANNING AND ZONING APPLICATION FEES

The proposed amendments to Sec. 15-6 would revise the Town's Planning and Zoning application fee schedule as follows:

Application	Current Fee	Proposed Fee
Site Plan	$300 + $25/1,000 sq. ft. over 5,000 sq. ft.	**$330 + $30/1,000 sq. ft. over 5,000 sq. ft.**

Application	Current Fee	Proposed Fee
Special Permit	$360 + $25/1,000 sq. ft. over 5,000 sq. ft.	**$400 + $30/1,000 sq. ft. over 5,000 sq. ft.**
Lot Split/First Cut	$100	**$125**
Subdivision/Re-subdivision	$250 + $150/lot	**$275 + $165/lot**
Zoning Verification/Compliance – Commercial	$150/parcel	**$165/parcel**
Zoning Verification/Compliance – Residential	$50/parcel	**$55/parcel**
Zoning Text Amendment	$460	**$500**
Zoning Map Amendment	$460	**$500**
Variance	$260	**$300**
Appeal of ZEO Decision	$260	**$300**

The proposed schedule is contained in the material submitted for consideration.
The proposed increases are generally modest and are intended to better align application fees with the staff time and administrative resources required to receive, review, process, notice, inspect, and maintain records associated with land use applications.

VIII. RECOMMENDED TOWN COUNCIL ACTION

Staff recommends that the Town Council, after a public hearing, approve the ordinance amending the applicable sections of the Bloomfield Code of Ordinances to implement the proposed Building Division and Land Use Department fees.

Specifically, the ordinance should:

1. **Amend Chapter 6, Sec. 6-2** to establish the municipal building permit fee at $19.00 per $1,000 of construction value and increase the minimum fee to $70.00;

2. **Maintain the State Building Code education fee as a separate State-mandated charge** pursuant to C.G.S. Sec. 29-263;

3. **Amend Chapter 6, Sec. 6-6** to increase the minimum investigation fee for work commenced without a required permit from $250.00 to $275.00;

4. **Amend Chapter 6, Sec. 6-7** to increase the reinspection fee from $50.00 to $55.00;

5. **Amend Chapter 6, Sec. 6-8** to increase the unauthorized occupancy fee from $250.00 to $275.00;

6. **Amend Chapter 15, Sec. 15-6** to adopt the proposed Planning and Zoning application fee schedule;

7. Provide that the fees established for zoning, planning, zoning board of appeals, and inland wetlands applications are adopted pursuant to the authority of **C.G.S. Sec. 8-1c**;

8. Include appropriate statutory exemptions and limitations applicable to building permits and land use applications, including those required by current State law.

The principal statutory authority for the land use application fees is C.G.S. Sec. 8-1c, which expressly permits municipalities to establish reasonable land use application fees by ordinance. The principal statutory authority governing building permits and the State education fee is C.G.S. Sec. 29-263.

The existing ordinances already provide a framework for the proposed changes through Chapter 6, Sections 6-2, 6-6, 6-7 and 6-8, and Chapter 15, Sec. 15-6. The proposed revisions would update the dollar amounts while preserving the existing regulatory structure.

Therefore, Staff recommends that the Town Council, after a public hearing, approve the amended ordinance to incorporate the revised fee schedule, subject to final review by the Town Attorney for statutory compliance and proper ordinance form.

TOWN OF BLOOMFIELD

TOWN COUNCIL

RESOLUTION

Meeting Date: September 28, 2026

A RESOLUTION APPROVING AMENDMENTS TO CHAPTER 6 (BUILDING DIVISION) AND CHAPTER 15 (PLANNING AND ZONING) OF THE BLOOMFIELD CODE OF ORDINANCES TO REVISE BUILDING PERMIT AND LAND USE APPLICATION FEES

WHEREAS, the Town of Bloomfield's Building Division and Land Use Department application fees, as set forth in Chapter 6, Sections 6-2, 6-6, 6-7, and 6-8, and Chapter 15, Section 15-6, of the Bloomfield Code of Ordinances, have not kept pace with the administrative costs of processing applications, conducting inspections, reviewing plans, enforcing regulations, and providing other associated municipal services; and

WHEREAS, the Director of Building and Land Use has recommended amendments to the above-referenced sections of the Code of Ordinances to update the Building Division's principal permit fee, minimum permit fee, investigation fee, reinspection fee, and unauthorized occupancy fee, and to update the Planning and Zoning Department's application fee schedule, as more particularly described in the memorandum and proposed fee schedule dated August 18, 2026 (the "Proposed Fee Schedule"), attached hereto and incorporated herein by reference; and

WHEREAS, the Proposed Fee Schedule would amend Bloomfield Code of Ordinances Sec. 6-2(a) to increase the municipal building permit fee from $17.00 to $19.00 per $1,000 of construction value and to increase the minimum permit fee from $60.00 to $70.00; and

WHEREAS, the Proposed Fee Schedule would amend Sec. 6-6 to increase the minimum investigation fee for work commenced without a required building permit from $250.00 to $275.00 (or the equivalent of the applicable permit fee, whichever is greater); amend Sec. 6-7 to increase the reinspection fee from $50.00 to $55.00; and amend Sec. 6-8 to increase the unauthorized occupancy fee from $250.00 to $275.00; and

WHEREAS, the Proposed Fee Schedule would amend Chapter 15, Sec. 15-6 to revise the Land Use/Planning and Zoning application fees for site plans, special permits, lot splits/first cuts, subdivisions/re-subdivisions, zoning verification/compliance applications, zoning text and map amendments, variances, and appeals of Zoning Enforcement Officer decisions, as set forth in the Proposed Fee Schedule; and

WHEREAS, the land use application fees are proposed pursuant to the authority granted to municipalities under C.G.S. Sec. 8-1c to establish reasonable land use application fees by

ordinance, and the building permit fees are proposed pursuant to the authority granted under C.G.S. Sec. 29-263; and

WHEREAS, the proposed fee increases are generally modest in scope and are intended to better align application and permit fees with the staff time and administrative resources required to receive, review, process, notice, inspect, and maintain records associated with building and land use applications; and

WHEREAS, the Town Council has, on September 14, 2026, held a duly noticed public hearing on the proposed amendments to the Bloomfield Code of Ordinances described herein, at which all interested persons were given an opportunity to be heard; and

WHEREAS, it is appropriate and in the public interest that the amendments to the Bloomfield Code of Ordinances described herein become **effective on October 13, 2026**, to allow for orderly notice to applicants and implementation by the Building and Land Use Department; and

WHEREAS, Staff has recommended that the Town Council approve the amended ordinance incorporating the Proposed Amendments to the Fee Schedule, subject to final review by the Town Attorney for statutory compliance and proper ordinance form;

NOW, THEREFORE, BE IT RESOLVED, that the Bloomfield Town Council hereby:

1. Approves and adopts the amendment to Chapter 6, Sec. 6-2 of the Bloomfield Code of Ordinances establishing the municipal building permit fee at $19.00 per $1,000 of construction value and increasing the minimum permit fee to $70.00, while maintaining the State Building Code education fee as a separate, State-mandated charge imposed pursuant to C.G.S. Sec. 29-263;

2. Approves and adopts the amendment to Chapter 6, Sec. 6-6, increasing the minimum investigation fee for work commenced without a required permit from $250.00 to $275.00;

3. Approves and adopts the amendment to Chapter 6, Sec. 6-7, increasing the reinspection fee from $50.00 to $55.00;

4. Approves and adopts the amendment to Chapter 6, Sec. 6-8 increasing the unauthorized occupancy fee from $250.00 to $275.00;

5. Approves and adopts the amendment to Chapter 15, Sec. 15-6, adopting the Proposed Fee Schedule for Planning and Zoning application fees, as set forth in the attached fee schedule;

6. Confirms that the fees established for Town Plan and Zoning Applications are adopted pursuant to the authority of C.G.S. Sec. 8-1c;

7. Directs that the amended ordinance be prepared in final form, including appropriate statutory exemptions and limitations applicable to building permits and land use applications, subject to final review and approval as to form by the Town Attorney; and

8. Establishes that the foregoing amendments to the Bloomfield Code of Ordinances, and the revised fee schedule adopted hereby, shall become **effective on October 13, 2026**; and

9. Directs the Town Clerk to codify the amendments in the Bloomfield Code of Ordinances and to take all other actions necessary to give effect to this Resolution, including publication of notice of adoption as may be required by the Town Charter and applicable law prior to the October 13, 2026, effective date.

Note to Council: *Prior to acting on the foregoing motion, the* ***Town Council must either****:*

(a) read the Resolution in full for the record, or

(b) adopt a separate motion to waive the reading of the Resolution for the record.

**Staff recommends the following motion be made and voted upon first:*

"Move to waive the reading of the Resolution presented for the record."

If the motion to waive the reading fails, the Resolution must be read in full into the record prior to a vote on its approval.

RECOMMENDED MOTION

Move that the Town Council approve the Resolution presented, approving the amendments to Chapters 6 (Building Division) and 15 (Planning and Zoning) of the Bloomfield Code of Ordinances revising the Building Permit and Land Use application fee schedule, as described in the Director of Building and Land Use's memorandum dated August 18, 2026, and as recommended by Staff, with the amendments to become **effective October 13, 2026**, subject to final review by the Town Attorney for statutory compliance and ordinance form.

RE: FY 2027-05: TECHNOLOGY ENHANCEMENTS FOR TOWN COUNCIL CHAMBERS ROOM

Please review the attached memorandum and supporting documents from the Director of Information Technology and Innovation, Warren Plummber, dated September 22, 2026, regarding Technology Enhancements for the Council Chambers Room.

The Town Council Chambers is currently equipped with an aging audio/visual system that has become increasingly difficult to maintain, support, and expand to meet the Town's current and future operational needs.

A request for the installation of an A/V microphone controller; this add-on will update the foundation of the existing system and support future upgrades. This approach allows the Town to improve the Chambers incrementally rather than replace the entire A/V system at one time.

This new controller provides greater flexibility for integrating current and future audio, video, presentation, recording, and meeting technologies. More importantly, it allows the Town to modernize the Town Council Chambers in phases. The Town can continue using existing equipment that remains functional, while replacing outdated components based on operational need, condition, compatibility, and available funding.

The financial impact is $7,329.51, as stated in the quotation received by ATC.

Should the Council wish to move forward, the following motion would be in order:

> Move to approve funding in the amount of $7,329.51 for the installation of an A/V Microphone Controller in the Town Council Chambers, with payment to be made from the Town Council's Contingency Account 09506400-52231.

Background Memorandum

To: Alvin D. Schwapp, Jr., Town Manager
From: Warren Plummer, Director of Information Technology & Innovation
Date: 9/23/2026
Subject: Town Council Chambers Audio/Visual Controller Installation and Modernization

Background

The Town Council Chambers currently operates with an aging audio/visual system that has become increasingly difficult to maintain, support, and expand. The Information Technology & Innovation Department was requested to install an A/V microphone controller. This add-on feature will provide an update to the foundation of the existing system and support future upgrades. This approach allows the Town to improve the Chambers incrementally rather than replace the entire A/V system at one time.

Analysis

The new controller provides greater flexibility for integrating current and future audio, video, presentation, recording, and meeting technologies. More importantly, it allows the Town to modernize the Chambers in phases. Existing equipment that remains functional can continue to be used, while outdated components can be replaced based on operational need, condition, compatibility, and available funding. This approach supports long-term modernization while avoiding unnecessary replacement of equipment that still provides value.

Financial Impact

A phased modernization strategy allows the Town to spread future A/V costs across multiple budget cycles rather than incur the expense of a full system replacement. This Microphone Controller installation will kick off the first phase at a cost of **$7,329.51**. By doing this, future upgrades can be prioritized and completed as funding becomes available, providing a more cost-effective and sustainable approach to maintaining and improving the Council Chambers.

Legal Considerations

Future A/V improvements should continue to support applicable requirements related to public meetings, accessibility, records retention, procurement, cybersecurity, and Town policies. Any recording, streaming, or retention of meeting content should also be

managed in accordance with applicable records-management and information-security requirements.

Alternatives

- Used Audio Controller ($5,178.75)

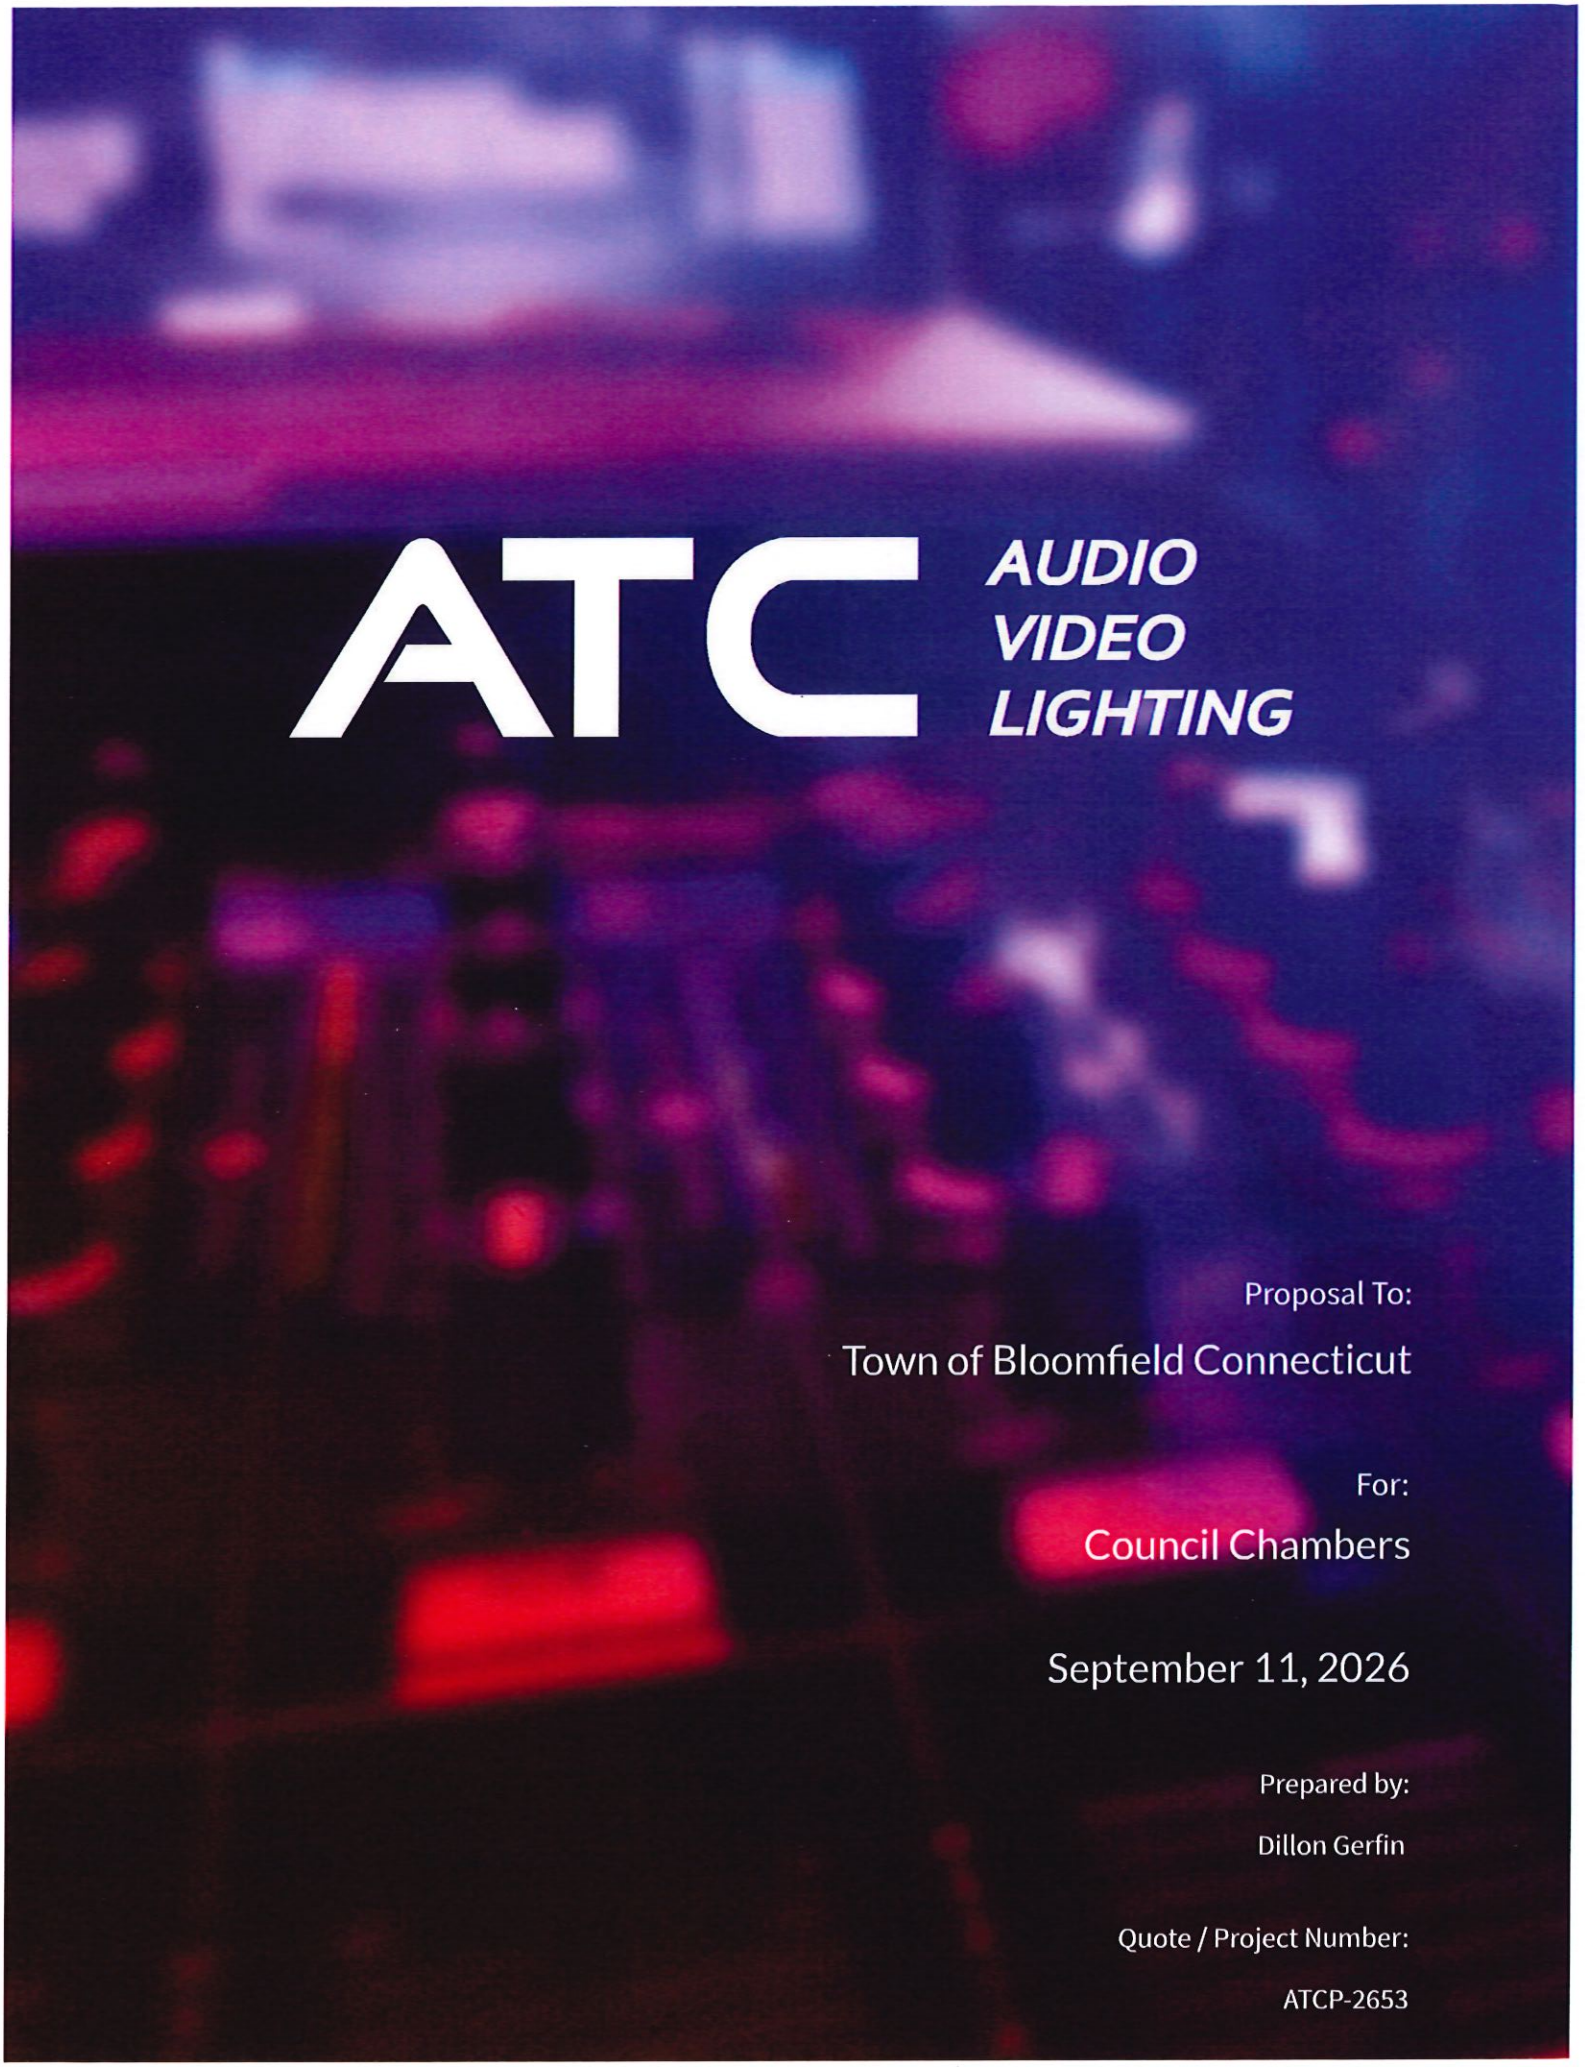

A used controller may have reduced the initial cost but would provide less certainty regarding equipment condition, remaining useful life, warranty coverage, manufacturer support, and future compatibility.

- Audio Controller Without Video Capability ($5,961.22)

An audio-only controller could address immediate audio needs at a lower cost but would limit future expansion. Additional equipment or replacement would likely be required to support video, digital presentations, streaming, recording, and other multimedia capabilities.

Recommendation

The Information Technology & Innovation Department recommends maintaining the newly installed A/V controller as the foundation for the phased modernization of the Town Council Chambers in the amount of **$7,329.51** from Town Council's Contingency Account **09506400-52231**. This approach provides a balance between operational needs, long-term technology planning, and fiscal responsibility. It allows the Town to modernize the Chambers on a continuous and cost-efficient basis as funding becomes available, while avoiding the immediate expense of complete A/V system replacement.

Which Board or Commission are you reapplying for?	Emergency Medical Systems Committee (EMS)
How long have you been serving on this Board or Commission?	+/-49 years
Please tell us how you have been a contributing member to this Board or Commission:	I have been on the EMS Committee since it was formed in, I believe, 1977. Before that I was involved in the planning and preparations for the Bloomfield Volunteer Ambulance. Since about 1980 I have been chair of the Committee, initially appointed by the Town Council and since the Council stepped back, by the members of the Committee. During that time I have been active in all meetings, presiding since 1980 +/- , and have been involved in all of the oversight of the BVA, reporting to and advising the Town Council and in analyzing and developing needs for BVA changes and improvements. Most recently since permitted by my retirement, I have been the liaison from the EMS Committee to the Public Health, Safety & Environment Council Subcommittee, permitting me the opportunity to have some direct involvement with the Council.
Why would you like to continue serving on this Board or Commission?	As my approximately 49 years will attest, I am very interested in seeing that the BVA continues to thrive as it approaches, and soon passes 50 years of service to Bloomfield. I am proud of my role in helping BVA continue to exceed all expectations for its service and I feel very strongly that the fact that many volunteers devote literally 1000s of hours to provide exceptional service to Bloomfield residents and visitors and at the same time to provide such a service at an exceptionally low cost to Bloomfield. BVA is a rare model and very valuable to Bloomfield, both financially and in spirit. As long as I am able I would like to continue my service on the EMS Committee and to continue to try to help assure that our residents and guests have receive the prompt and excellent emergency medical service that saves lives and promotes good medical outcomes..

Commission, do you have any other expertise or experience we should be aware of that is an asset to this position?	law and statutory construction as well as a great deal of work with medical professionals and medical records, and that background has provided some help in understanding some of the aspects and needs of BVA.
Is there anything the town or Town Council can do to help this Board or Commission perform more effectively?	I believe that at this time most of the EMS Committee is comprised of knowledgeable and dedicated members (who I ask be reappointed if they are able and willing). As long as the Council and its Public Health, Safety & Environment Subcommittee continue their interest in the Committee and the BVA's needs and activities it is already helping the EMS Committee perform effectively.
Is there anything else that you would like to share with us?	Although not directly a Committee function, I would note that current Police Chief Paul Hammick has developed an outstanding understanding of the BVA and its needs, has provided the BVA with an exceptionally qualified Coordinator, and generally provides excellent oversight and command for the operations of the BVA which the EMS Committee oversees for the Council. That kind of leadership is much appreciated and greatly aides the EMS Committee in its role.

Which Board or Commission are you reapplying for?	Emergency Medical Systems Committee
How long have you been serving on this Board or Commission?	Early 80's
Please tell us how you have been a contributing member to this Board or Commission:	I was an EMT with the Bloomfield Vol Ambulance for 39 years. Additionally, I am a self employed printer in Bloomfield and have a desire to see the Town of Bloomfield have its own EMS /Ambulance Service. The Bloomfield Volunteer Ambulance service started in 1977. As an EMT and Bloomfield resident my paramount interest is to see the EMS system provided quick quality emergency medical care. This committee filled the void between the residents, town management and the political elected officials to keep this EMS system running.
Why would you like to continue serving on this Board or Commission?	To participate in seeing this service continue in the town of Bloomfield
In addition to your experience serving on this Board or Commission, do you have any other expertise or experience we should be aware of that is an asset to this position?	Long time resident and Bloomfield business owner
Is there anything the town or Town Council can do to help this Board or Commission perform more effectively?	Sometimes we talk about Volunteer.....and one thinks "free, no charge, no compensation for this services". The economy has changed the cost to become an EMT and the cost to volunteer. We provide "some" reimbursement to help volunteers compensate for their expenses (ex: gas and meals). We need to continue to look at ways to retain and recruit volunteers in the future.

Which Board or Commission are you reapplying for?	Emergency Medical Systems Committee
How long have you been serving on this Board or Commission?	Approximately 20 years
Please tell us how you have been a contributing member to this Board or Commission:	Being a volunteer on the Bloomfield Ambulance, I have first-hand insight into how to best serve the town residents and the volunteers. Over the past years, the EMS Committee has improved the level of service the ambulance provides through recommendations on staffing, new ambulance purchase, training budgets and other accomplishments.
Why would you like to continue serving on this Board or Commission?	There is more work to do! We are right in the middle of crafting recommendations on the incentive program to recruit and retain our volunteers.
In addition to your experience serving on this Board or Commission, do you have any other expertise or experience we should be aware of that is an asset to this position?	I have been volunteering with the Bloomfield Ambulance for 40 years and serve as the Assistant Chief of the service. I have my hand on the pulse of the volunteers and meet Town residents weekly while responding to 911 calls for service.
Is there anything the town or Town Council can do to help this Board or Commission perform more effectively?	Council members are invited to come to the ambulance to talk with the volunteers and observe us in action to get a better feel for the service we provide and the positive impact we have on the community.
