Mayor Harrington encouraged residents to participate in activities and ceremonies honoring first responders and acknowledging their contributions to the community. Mayor Harrington invited Assistant Director Childress to accept the proclamation.

Public Works crew members thanked the Town Council for the proclamation and recognized the collaboration of Public Works, Fire, Police, and EMS personnel during the Banbury house explosion. Crew Leader Mario Salza noted that Public Works personnel respond to emergencies, including storms, flooding, and fallen trees, often outside regular hours, to help keep Bloomfield safe.

Mayor Harrington presented a flag to Sharon Mann, wife of the late David Mann, in recognition of his dedicated service and lasting contributions to the community. David Mann served as a Town Councilor from 2017 to 2021, Deputy Mayor from 2019 to 2021, and on numerous town boards, commissions, and environmental initiatives. Mrs. Mann thanked the Town for honoring her husband's legacy and reflected on his deep commitment to Bloomfield, his home for more

than 53 years. Town Manager Alvin D. Schwapp Jr. expressed his appreciation for David and Sharon Mann's dedication to the beautification of Bloomfield and the upkeep of Town Hall. Dr. Youngberg, Superintendent of Bloomfield Public Schools, provided an update on district priorities, highlighting the Board of Education's receipt of the CABE Level 2 Leadership Award, a regional food services partnership with East Granby Public Schools, and student participation in a youth empowerment conference. She discussed upcoming professional development and curriculum initiatives, collaboration with the Town on sustainability projects, including eliminating plastic utensils and pursuing composting grants, and opportunities for Town Council participation in the district's five-year strategic planning process. Facilities updates included completed sheetrock repairs at the GEMS building, ongoing bathroom renovations to accommodate students with special needs, and plans for central office relocation and future Agriscience Center expansion. Dr. Youngberg concluded by introducing Bloomfield High School civics students, who were invited to share their interests and future goals with the Council.

Mayor Harrington reminded residents and attendees that the Town Council Rules of Procedure and Town Ordinance require speakers to state their name and address before commenting. He stated that individuals who do not comply with this requirement would not be permitted to participate in public comments. Mayor Harrington also reminded speakers that comments are limited to three minutes if you are a town resident and two minutes for non-town residents, noting that speakers have occasionally been allowed to finish their final sentence.

1. Erin Barringer, 28 Kenmore Rd., recognized first responders and Public Works personnel for their service and thanked Sharon Mann and the Beautification Committee volunteers for their ongoing work maintaining Town landscaping in partnership with Public Works. She also congratulated the Mann family on David Mann's recognition. Mrs. Barringer then expressed concern about delays in filling vacancies on town committees and commissions, specifically noting the Beautification Committee's pending appointments and the Ethics Committee not yet appearing on the agenda. She urged Mayor Harrington and Deputy Mayor Lloyd to address the appointment backlog and schedule the matter for discussion.

2. Suzette DeBeatham-Brown, 25 Fairfield Ln., speaking as a Bloomfield resident, Rev. Dr. DeBeatham-Brown announced an upcoming Access Health enrollment fair at First Cathedral, where residents can receive in-person assistance with health insurance enrollment. Town Manager Schwapp advised that he would be out of the country through November 3, returning November 4, 2026, with Finance Director Donna Stewart serving in charge during his absence.

Council Comments
A. Harrington

Mayor Harrington reported on a recent conference at the Hartford Public Library, where mayors and municipal administrators discussed opportunities for municipalities and Boards of Education to share resources, personnel, and expenses to reduce costs while maintaining services. He noted that these discussions are taking place statewide amid ongoing concerns about education funding. Mayor Harrington also reported that paving had been completed at the Popeyes site and that the business is expected to open soon. Additionally, he announced that the Town Center Economic Development Commission had submitted a $4 million congressional funding proposal

and that Bloomfield remained under consideration, with further information anticipated after November 3.

S. DeBeatham-Brown

Councilor DeBeatham-Brown encouraged her colleagues to begin more intentional discussions about the upcoming budget and provide the Town Manager with guidance on budget priorities. She also raised concerns about the Council's two-minute limit for Council comments, noting that neighboring municipalities allow more time. She urged the Council to reconsider its meeting procedures and focus on substantive discussions and the work of the Town to better serve Bloomfield residents.

M. Oliver

Councilor Oliver congratulated the emergency responders and rescue personnel who assisted during the Banbury Lane incident, noting the importance of having individuals available to support residents during emergencies. She also congratulated Sharon Mann on the Town's recognition of her late husband, former Mayor David Mann, through the presentation of a Town flag.

J. Merritt

Councilor Merritt expressed his appreciation for the late David Mann, describing him as a gentleman and valued colleague, and supported the Town's recognition of his service. He welcomed the opportunity for the Board of Assessment Appeals to present information to the Council, noting that the presentation could help improve understanding of the Board's role and responsibilities. He also expressed hope that the GEMS building will be made available for sale or other use once renovations are complete. Regarding rising residential property taxes, Councilor Merritt clarified that the Board of Assessment Appeals is not the appropriate avenue for addressing broader tax increases and discussed the Homestead Act as a potential option for reducing residential assessments. He noted that the Finance Committee was exploring the option and that discussions were continuing.

E. Waterhouse

Councilor Waterhouse sent a huge thank you to the First Responders and seeing a few fellow high schoolers and thanked everyone for coming out.

D. Goodwin

Councilor Goodwin expressed appreciation for the resolution adopted by the Council, emphasizing the importance of affirming the dignity and humanity of all Bloomfield residents, including immigrant and undocumented families. He encouraged the Council to continue using its collective voice to support and protect members of the community. He also congratulated the visiting Bloomfield High School civics students and suggested exploring opportunities for students to participate in future Council listening sessions, including those being organized by

Councilors DeBeatham-Brown and Mahan. He additionally recognized the late Mr. David Mann and thanked first responders for their service.

Additional Comments

Mayor Harrington reported on a conversation with the Mayor of Norbridge regarding advocacy for the distribution of Mohegan Pequot funds through the State and potential economic development strategies, including tax abatement programs that could generate revenue earlier. He indicated that he looked forward to continuing discussions on these matters. Mayor Harrington also congratulated the first responders recognized during the meeting, honored the memory and community service of David Mann, and expressed support for creating additional opportunities for local students to participate in Council meetings and activities.

Town Manager Schwapp provided an additional department update, reporting that the Pollinator Pathway Garden at LaSalle Park was completed on October 17, 2026. HOW TO AMEND APPROVED MINUTES

I reached out to Attorney Crumble on how to amend meeting minutes that have already been approved. He states, *"...parliamentary rules suggest the way to handle this error is for the council to prepare 'amended minutes' that are clearly denoted as an amendment to the original document. Once prepared, a motion needs to be made to 'amend something previously adopted'. Once seconded and passed, the 2 sets of minutes, the old minutes plus the amended minutes attached, clearly marked 'amended minutes', should be forwarded to the Town Clerk for posting online within the seven-day period."*

MOTION

Should Town Council wish to move forward with amending the approved 9/28/26 Town Council meeting minutes, the following motion would be in order:

"Move to amend the previously adopted 9/28/26 Town Council meeting minutes by replacing the text under New Business Item 2027-26 (on page 6) with the text as written in the attached amended 9/28/26 meeting minutes (on pages 6 and 7)."
