1. Discussion explored the concept of using information solicited from students on prevention needs to work with the school to add to student-led presentations.
2. Ideas brainstormed:
3. Police presentation on how to interact with police, what you are required to do, and how to de-escalate possible confrontations.
4.AI risks and online safety-YSB may be able to help pay for a presenter.
5. First Responder DUI impact and costs presentations.

Diversity: Black and Latino voices, women's voices, LGBT voices.
Anything involving diversity and equity, especially LGBT topics, has to be a voluntary choice for youth to attend.
